people in handling their financial lives Because of the way we were raised especially Africans we learned bad habits about handling of finances by observing the way our parents handled their finances The purpose of this book is to help people who finds themselves highly in shackles of financial slavery Our Country is faced with a huge problem of too many people highly in debts and sinking deeper and deeper in debts every day I believe one of the major reasons for that is the lack of financial education in our communities The book will highlight some of the problems that lead a person to become a slave in their financial lives Because of our history in our country especially Africans people were denied the opportunity to learn about handling of money early on in life something the lead to many individuals unable to escape the shackles of financial slavery It is most unfortunate that even today it seems that little or nothing is done to address that volatile situation This book seeks to teach you on how to handle your financial life as an individual in your marriage dealing with your children as well as your family and friends It will also highlight the impact other things like your religious and customary beliefs have in your finances The book will highlight the problems that lead to financial dilemma as well as the solutions that you will need to address the problems Most importantly the book is about giving hope of recovery to a person who already finds themselves in the shackles of financial slavery giving them hope and encouragement not to give up to fight to restore their financial lives which has collapsed It will also assist the ones who are still free from this scourge to run and not be a victim of financial slavery This is a must book for every home especially now during this time of Corona Virus whereby most families finds themselves facing the most difficult financial period of their lives
