

PAYMENTECH, LLC
AMENDMENT TO
SELECT GOVERNMENT MERCHANT PAYMENT INSTRUMENT PROCESSING AGREEMENT
MERCHANT NAME: Fort Bend County

This Amendment to the Select Government Merchant Payment Instrument Processing Agreement (the "Amendment") is dated as of the date last signed below (the "Effective Date") and is attached to and forms a part of that certain Select Government Merchant Payment Instrument Processing Agreement dated as of the Effective Date of the Agreement, as may have been amended, between Paymentech, LLC, (or its predecessor or in interest) for itself and on behalf of JPMorgan Chase Bank, N.A. a national banking association ("Member"), and the Merchant(s) whose signature(s) appear below (collectively referred to as "Merchant(s)" (the "Agreement"). Terms not otherwise defined herein have the meanings set forth in the Agreement. To the extent that any conflict or inconsistency exists between the terms of this Amendment and the Agreement, the terms of this Amendment will control.

1. NEW PRICING.

Your pricing shall be modified in accordance with the selection below:

- ☒ The fees for one or more of the services specified on your pricing schedule shall be modified in accordance with the following table. Only the fees described in "Description of Service" below are hereby added to reflect the fees. All other fees in the existing Schedule A shall continue in full force and effect and are unchanged by this Amendment.

Description of Service	Fees
Safetech Encryption Item (Verifone)	\$0.025

If Merchant obtains point of sale device(s) from Paymentech or a third party for use with Safetech Encryption and Paymentech or the third party provides the encryption services, additional fees shall be assessed: (a) a one-time device fee of \$10.90 per device; and (b) an encryption injection fee of \$34.95 per device per occurrence. These assessments are in addition to the above Safetech Encryption Fee(s).

If Merchant obtains point of sale device(s) from Verifone directly and Verifone provides the Safetech Verifone Point Enterprise Solution encryption injection to the devices, then the above one-time device fee(s) and injection fee(s) will not apply. Merchant acknowledges and understands that its use of any fraud mitigation or security enhancement solution (e.g. an encryption product or service), whether provided to merchant by Paymentech, Verifone or a third party, in no way limits Merchant's obligation to comply with the Security Standards or Merchant's liabilities set forth in the Agreement.

2. 12. NO DISCLOSURE OF CUSTOMER INFORMATION:

Section 12 of the Agreement is hereby amended to read in its entirety as follows:

12. TRANSACTION DATA AND PAYMENT INSTRUMENT INFORMATION; PAYMENT CARD INDUSTRY COMPLIANCE.

12.1 Merchant financial information, information related to Merchant's Transactions, and other information that Merchant provides to Paymentech may be shared by Paymentech with its affiliates and the Payment Brands. Paymentech will not otherwise disclose or use such information other than (a) as necessary to process Merchant's Transactions or otherwise provide services and maintain Merchant's account pursuant to this Agreement; (b) to detect, prevent, reduce, or otherwise address fraud, security, or technical issues; (c) to enhance or improve Paymentech's products and services generally; or (d) as required or permitted by the Payment Brands or applicable law. Paymentech may prepare, use, and/or share with third parties, aggregated, non-personally identifiable information derived from Transaction Data of all of Paymentech's customers or specific segments of Paymentech's customers.

12.2 Payment Card Industry Compliance. Merchant acknowledges and understands the importance of compliance with the Security Standards, such as those relating to the storage and disclosure of Transaction Data and Payment Instrument Information. Therefore, Merchant shall not disclose or use Payment Instrument Information, other than (a) to Merchant's agents and contractors for the purpose of assisting Merchant in completing a Transaction; (b) to the applicable Payment Brand; or (c) as specifically required by law or pursuant to a government or regulatory demand. Furthermore, Merchant acknowledges and understands that its use of any fraud mitigation or security enhancement solution (e.g. an encryption product or service), whether provided to Merchant by Paymentech or a third party, in no way limits Merchant's obligation to comply with the Security Standards or Merchant's liabilities set forth in this Agreement.

Merchant is allowed by the Payment Brand Rules to store only certain Payment Instrument Information (currently limited to the Customer's name, Payment Instrument account number, and expiration date) and is prohibited from storing additional Payment Instrument Information, including, without limitation, any security code data, such as CVV2, CVC2, and PIN data, and any magnetic stripe track data. Merchant shall store all media containing Payment Instrument Information in an unreadable format wherever it is stored and in an area limited to selected personnel on a "need to know" basis only. Prior to either party discarding any material containing Payment Instrument Information, the party will render the account numbers unreadable in accordance with the requirements of the Security Standards. If at any time Merchant determines or suspects that Payment Instrument Information has been compromised Merchant must notify Paymentech immediately and assist in providing notification to such parties as may be required by law or Payment Brand Rules, or as Paymentech otherwise reasonably deems necessary.

consent loses its usefulness and should be replaced by special regulations more suited to the requirements of consumer e-commerce. The study's main objective is to verify whether due to the evolution of the concept of the declaration of intent the emergence of non individual consumer protection instruments and technological developments the code regulation of defects in the declaration of will remains useful in the case of contracts concluded by consumers on the Internet. The impact of the development of the Internet environment on the applicability and effectiveness of this traditional private institution is analyzed. Mechanisms that in practice displace the regulation of vice of consent are indicated.

Online around the World
Laura M. Steckman, Marilyn J. Andrews, 2017-05-24
Covering more than 80 countries around the world this book provides a compelling contemporary snapshot of how people in other countries are using the Internet social media and mobile apps. How do people in other countries use the social media platform Facebook differently than Americans do? What topics are discussed on the largest online forum one in Indonesia with more than seven million registered users? Why does Mongolia rate in the top ten countries worldwide for peak Internet speeds? Readers of *Online around the World: A Geographic Encyclopedia of the Internet Social Media and Mobile Apps* will discover the answers to these questions and learn about people's Internet and social media preferences on six continents outside of the online community of users within the United States. The book begins with an overview of the Internet social media platforms and mobile apps that chronologically examines the development of technological innovations that have made the Internet what it is today. The country specific entries that follow the overview provide demographic information and describe specific events influenced by online communications allowing readers to better appreciate the incredible power of online interactions across otherwise unconnected individuals and the realities and peculiarities of how people communicate in today's fast paced globalized and high technology environment. This encyclopedia presents social media and the Internet in new light identifying how the use of language and the specific application of human culture impacts emerging technologies and communications dramatically affecting everything from politics to social activism education and censorship.

Cloud as a Service
Enrique Castro-Leon, Robert Harmon, 2016-12-22
See how the principles of Service Science govern the dynamics driving the adoption of cloud computing in the industry. *Cloud as Service* shows you how the evolution of enterprise computing platforms to application specific cloud platforms (ASCPs) have aligned to business needs. You'll also learn processes for developing and building ASCPs. You'll gain insight into how executives managers and technologists are utilizing cloud services cloud service providers equipment manufacturers and software and application vendors participating in cloud supply chains. For business the appeal of cloud computing must go beyond the notion of convenient on demand access of networked pooled access to computing resources. Industry leaders have learned to apply cloud computing to become more nimble cost effective and customer engaging as they strive for competitive advantage regardless of size. These companies define and build cloud platforms customized for their needs rather than using someone else's. This book shows you how to use a holistic end to end view of platform planning platform development supply chains.

and operations to collapse platform development times to a fraction of the original time You ll see that strategies for selling to the cloud market are essentially incomplete and that in order to be successful businesses must become cloud service businesses themselves incorporating cloud technologies in their engineering IT sales and marketing and delivery processes What You ll Learn Historical perspective to provide insight into the dynamics driving cloud evolution today State of the art in IT requirements and cloud solutions The value of User Experience UX driven design principles The crucial roles of Service Brokers and Service Assurance Managers The landscape of emerging cloud services and what they mean to your enterprise Service Portals and Enterprise Service Buses Who This Book Is For CIOs CTOs data center architects solution architects and application engineers Educational institutions building a systems integration curriculum Developers who want to understand how their work fits in the cloud ecosystem
