Animals and Ourselves Kathy Merlock Jackson, Kathy Shepherd Stolley, Lisa Lyon Payne, 2020-10-13 The relationship between humans and animals has always been strong symbiotic and complicated Animals real and fictional have been a mainstay in the arts and entertainment figuring prominently in literature film television social media and live performances Increasingly though people are anthropomorphizing animals assigning them humanoid roles tasks and identities At the same time humans such as members of the furry culture or college mascots find pleasure in adopting animal identities and characteristics This book is the first of its kind to explore these growing phenomena across media The contributors to this collection represent various disciplines to include the arts humanities social sciences and healthcare Their essays demonstrate the various ways that human and animal lives are intertwined and constantly evolving

Cats of Africa Luke Hunter, 2013-06-25 There is nowhere on Earth like Africa for observing wild cats A week spent in the superb national parks and game reserves produces almost guaranteed sightings of the three most spectacular and sought after species lions cheetahs and leopards Yet alongside the big three Africa is home to a further seven species of cat far less conspicuous than their larger cousins Of these the caracal serval and African wildcat are marginally better known while few people have seen the remaining four the black footed cat African golden cat jungle cat and sand cat Rarely observed and little understood most have never been the focus of dedicated scientific research This book covers all 10 species Inevitably the bias is towards the large well studied cats but it includes all that is known about the smaller species including observations and data from their Asian range or from captivity to fill in some gaps Chapters deal with evolution and anatomy predation social systems reproduction and survival competition and conflict and conservation and include the most current research findings from around the continent Supported by a wealth of dramatic and beautiful images this is a comprehensive overview of the cat family in Africa from the famous and popular African parks with their celebrated safari friendly felids to the few remaining places on the continent uninhabited by people

where a wild cat may spend its entire life without feeling the effects of the human presence Unfortunately such untrammelled freedom is rare The challenges facing cats in Africa are profound Only one the ubiquitous domestic cat does not require dedicated conservation activity to ensure its survival for the next century More than at any time in history the fate of Africa's wild cats is in our hands

Genuine Fakes Lydia Pyne, 2019-08-08 Does an authentic Andy Warhol painting need to be painted by Andy Warhol Why do audiences feel outraged when they find out that scenes from their beloved blockbuster documentaries are staged Can people move past assuming that a diamond grown in a lab is a fake What happens when a forged painting or manuscript becomes more valuable than its original This is a book about genuine fakes the curious and complex objects that provoke these very sorts of questions Genuine fakes fall into the space between things that are real and things that are not whether or not we think that those things are authentic is a matter of perspective Unsurprisingly the world is full of genuine fakes full of things that defy simple categorisation From stories of audacious forgeries to feats of technological innovation historian Lydia Pyne explores how the authenticity of eight genuine fakes depends on their unique combinations of history science and culture The stories of art forgeries fake fossils nature documentaries synthetic flavours museum exhibits Maya codices and Palaeolithic replicas show that genuine fakes are both complicated and change over time Drawing from historical archives interviews museum exhibits and science fiction as well as her own research Pyne brings each genuine fake to life through unexpected and often outrageous stories Genuine Fakes will make readers think about all the unreal things they encounter in their daily lives and why they invoke the reactions surprise wonder understanding or annoyance that they do
