The Comparative Study Bible Zondervan Publishing House, 1984 Tom Payne, 2010-06 The Bible's hidden time code holds the answers to some of life's greatest questions such as What is our destination and When will we get there In the Template of Time Tom Payne relies on eight years of intensive research as he shares a comprehensive chronological study of the quirky time patterns scattered throughout the Bible that when assembled create an eternal template upon which history unfolds Just as atmospheric patterns suggest tomorrow's weather forecast the historical patterns of the template suggest future outcomes while ruling out coincidence and chance While illustrating how some forecasts have already come true Payne examines the various time cycles that clearly demonstrate how the rhythms of history are leading to future surprises As he follows the development of the Roman Empire and its prophesied conflict with the people of God Payne proves that as we approach the culmination of processes two thousand years in the making everyone will be affected Why Early A.A.
