Practical assessment task (PAT)			
Starting this year	End of year assessment		
25%	25%	End of year assessment (25%)	
25%	Practical assessment task (PAT)		
25%	25%	Page 1 of 10	Page 2 of 10

The PAT is implemented across the final three years of the school year. It involves three or four different phases or a series of smaller activities. The PAT aims to measure the development of a learner's skills during the final three years of the school year and to also assess the development of skills that cannot easily be assessed in a formal assessment such as a test or an examination. It is therefore important that schools ensure that all learners complete the practical assessment task within the allocated period to ensure that they are assessed at the end of the school year. The schools will be given time and space within the curriculum of the final school year for practical assessment to ensure that learners are assessed on the PAT task at the end of the year.

The planning and execution of the PAT will be the responsibility of the school.
