There She Goes Again Aviva Dove-Viebahn,2023-12-15 There She Goes Again interrogates the representation of ostensibly powerful women in transmedia franchises examining how presumed feminine traits love empathy altruism diplomacy are alternately lauded and repudiated as possibilities for effecting long lasting social change By questioning how these franchises reimagine their protagonists over time the book reflects on the role that gendered exceptionalism plays in social and political action as well as what forms of knowledge and power are presumed distinctly feminine The franchises explored in this book illustrate the ambivalent post feminist representation of women protagonists as uniquely gifted in ways both gendered and seemingly ungendered and yet inherently bound to expressions of their femininity At heart There She Goes Again asks under what

terms and in what contexts women protagonists are imagined envisioned embodied and replicated in media Especially now in a period of gradually increasing representation women protagonists demonstrate the importance of considering how we should define and whether we need feminine forms of knowledge and power *Joss Whedon* Amy Pascale,2014-08-01 From the cult favorite *Buffy the Vampire Slayer* which netted four million viewers per episode to the summer blockbuster *The Avengers* which amassed a box office of 1.5 billion Joss Whedon has made a name for himself in Hollywood for his penchant for telling meaningful personal tales about love death and redemption even against the most dramatic and larger than life backdrops This biography follows his development from a creative child and teenager who spent years away from his family at an elite English public school through his early successes which often turned into frustrating heartbreak in both television *Roseanne* and film *Buffy the Vampire Slayer* to his breakout turn as the creator writer and director of the *Buffy* television series Extensive original interviews with Whedon's family friends collaborators and stars and with the man himself offer candid behind the scenes accounts of the making of groundbreaking series such as *Buffy* *Angel* *Firefly* and *Dollhouse* as well as new stories about his work with Pixar writers and animators during the creation of *Toy Story* Most importantly however these conversations present an intimate and revealing portrait of a man whose creativity and storytelling ability have manifested themselves in comics online media television and film
