Chase Online Travel Notice:

Bucket List Adventures Annette White, 2017-01-17 Writing down the things you'd like to see and do before you die can be a fun experience. But simply writing a Bucket List and never actually doing anything on the list is a lesson in futility and frustration with yourself. Why can't you ever reach your goals? Don't beat yourself up. Get out there and live life. Author Annette White has made a second career out of writing her bucket list and then crossing things off of it. One day this owner of a Michelin recommended restaurant in Northern California decided to live her dream. On her popular blog [bucketlistjourney.net](#) she has chronicled her adventures on virtually every continent from walking among wildebeests in Africa to climbing an active volcano in Guatemala to swimming in a lake in Palau surrounded by thousands of jellyfish. In *Bucket List Adventures* she takes you along for the ride and shows you how to live your adventures too. *Bucket List Adventures* is not only a practical travel book sharing detailed information on lodging, helpful resources, etc. but also an inspiration for people to step out of their comfort zones. In short, Annette helps readers to create their own Bucket List and then she gives them the tools and encouragement they need to live that list. An extensive appendix includes information about 50 additional places to consider for your future adventures. Imagine the sense of accomplishment and excitement when you finally reach your goals and *Bucket List Adventures* wants to help you get there. Handbook provides a comprehensive yet easy to understand investigation of the history of and controversies surrounding online privacy. It overviews the most critical issues involving topics such as social networking and online medical records. Along the way, this book shares insights and information from experts active in the field and exposes many misconceptions about what is and isn't considered private in the online world. Authors Dixon and Gellman begin with an overview of online privacy that elucidates why this 21st century issue is so critical. They provide key guideposts throughout the book that allow readers to grasp these complex and ever-changing issues, addressing topics that include what comprises online privacy today, what protections exist in current law, and current challenges in international online privacy. The authors also present practical expert advice, providing measures and strategies that readers can take to protect themselves.
