Gisèle Foucher est l'auteur de plusieurs romans et livres pratiques, recueils de poésie et de nouvelles, ainsi que d'un conte illustré pour enfants. Elle écrit également pour divers magazines.

Comment rendre mon chat heureux est un guide pratique pour les amoureux des chats (et ceux qui cherchent à les comprendre), que l'adoption d'une boule à poils ronronnante démange.

Vous y apprendrez tout ce qu'il y a à savoir sur la façon de s'occuper d'un chat, mais également comment décrypter ses attitudes, son comportement, enfin tout ce qu'il cherche à vous dire avec ses mots à lui.

Préfacé par le Dr Jouin, vétérinaire, ce livre se veut la petite bible du chat et aborde même l'option « Je n'ai pas de chat, peut-être vais-je en adopter un, mais dans ce cas que dois-je savoir ? »

Contrastive Lexical Semantics Edda Weigand, 1998-12-15 Contrastive lexical semantics was the main topic of an International Workshop at the University of Münster in May 1997. It was addressed from different perspectives from the pragmatic perspective of a corpus oriented approach as well as from the model oriented perspective of sign theoretic linguistics. Whereas the rule governed model oriented approach is necessarily restricted to subsets of vocabulary, the pragmatic approach aims to analyse and describe the whole vocabulary in use. After the pragmatic turn, lexical semantics can no longer be seen as a discipline on its own but has to be developed as an integral part of a theory of language use. Essential features of individual languages can be discovered only by looking beyond the limits of our mother languages and including a contrastive perspective. Within a pragmatic corpus oriented approach, essential new ideas are discussed mainly the insight that single words can no longer be considered to be the lexical unit. It is the complex multi word lexical unit a pragmatic approach has to deal with.

La hija del ayre Pedro Calderón de la Barca, 1790 The Arab Business Code Judith Hornok, 2020-02-17 Finalist in The International Book Awards 2020 in the Business General category <http://www.internationalbookawards.com/2020awardannouncement.html> The Gulf Cooperation Council (GCC) countries are some of the richest and most dynamic emerging markets in the world. But they are tough markets. International companies must think seriously if they want to do business there: the barriers can be numerous and difficult. But the opportunities are phenomenal and rewarding. The key to success is to plan and take the right steps. This book shows how to do this by decoding using case studies and suggesting relevant solutions. For Judith Hornok, it's not about dry theories or mind games. Instead, this book is based on numerous case studies drawn from the lives of well-known Arab and international business people. The reader can grasp the opportunities and avoid the pitfalls by knowing and understanding the Arab Business Code ABC: learning the A B Cs. This book offers a study with practical measures, a toolkit of easy to learn and simple to use techniques that pave the way for business success in the Gulf. Over fifteen years of research is boiled down into a clearly structured compact book. Judith Hornok presents the insights of her studies by decoding the behavior of Arab business people in the Gulf using innovative techniques and new approaches which can be easily implemented by the reader. For the first time, Judith also presents her creations: the figures of The Seven Emotional Hinderers.
