terms of the intuition and underlying logic that forms its basis This book has been designed to help readers think independently about real world situations by helping them master the basic technical tools that enable them to do this At a conceptual level the book focuses on the most current and relevant issues while also understanding the fluidity of the subject

British Books in Print, 1985 **Macroeconomics, fifth edition** Robert J. Barro, 1997-10-20 Robert Barro s

Macroeconomics has become the classic textbook presentation of the equilibrium approach to macroeconomics In its first four editions this book has shown undergraduates how market clearing models with strong microeconomic foundations can be used to understand real world phenomena and to evaluate alternative macroeconomic policies Moreover a single unified framework works as well for short term business fluctuation as for long term economic growth This latest edition includes the most recent theoretical and empirical developments in economic growth recent evidence on the macroeconomics of labor markets and public finance and up to date results on the interplay between nominal and real variables *NBER*

Macroeconomics Annual 2014 Jonathan A. Parker, Michael Woodford, 2015-06-02 The twenty ninth edition of the NBER Macroeconomics Annual continues its tradition of featuring theoretical and empirical research on central issues in contemporary macroeconomics Two papers in this year s issue deal with recent economic performance one analyzes the evolution of aggregate productivity before during and after the Great Recession and the other characterizes the factors that have contributed to slow economic growth following the Great Recession Another pair of papers tackles the role of information in business cycles Other contributions address how assumptions about sluggish nominal price adjustment affect the consequences of different monetary policy rules and the role of business cycles in the long run decline in the share of employment in middle wage jobs The final chapter discusses the advantages and disadvantages of the elimination of physical currency *Forthcoming Books* Rose Arny, 1997-04
