Drago,2008 In this innovative book Edmund L Drago tells the first full story of white children and their families in the most militant Southern state and the state where the Civil War erupted Drawing on a rich array of sources many of them formerly untapped Drago shows how the War transformed the domestic world of the white South Households were devastated by disease death and deprivation Young people took up arms like adults often with tragic results Thousands of fathers and brothers died in battle many returned home with grave physical and psychological wounds Widows and orphans often had to fend for themselves From the first volley at Fort Sumter in Charleston harbor to the end of Reconstruction Drago explores the extraordinary impact of war and defeat on the South Carolina home front He covers a broad spectrum from the effect of boy soldiers on the ideals of childhood and child rearing to changes in education marriage customs and community as well as family life He surveys the children s literature of the era and explores the changing dimensions of Confederate patriarchal society By studying the implications of the War and its legacy in cultural memory Drago unveils the conflicting perspectives of South Carolina children white and black today **Confederate Veterans in Northern California** Jeff Erzin,2020-06-09 Drawing on six years of research this book covers the military service and postwar lives of notable Confederate veterans who moved into Northern California at the end the Civil War Biographies of 101 former rebels are provided from the oldest brother of the Clanton Gang to the son of a President to plantation owners dirt farmers criminals and everything in between South Carolina Historical Magazine ,2007 **Civil War Citizens** Susannah J. Ural,2010-11-22 This title gathers together the wartime experiences of the populations who lived outside the dominant white Anglo Saxon Protestant citizenry of 19th century America Veterans North and South Paul A. Cimballa,2015-07-14 Based largely on Civil War veterans own words this book documents how many of these men survived the extraordinary horrors and hardships of war with surprising resilience and went on to become productive members of their communities in their post war lives Nothing transforms dry boring history into fascinating and engaging stories like learning about long ago events through the words of those who lived them What was it like to witness and participate in the horrors of a war that lasted four years and claimed over half a million lives and then emerge as a survivor into a drastically changed world Veterans North and South The Transition from Soldier to Civilian after the American Civil War takes readers back to this unimaginable time through the words of Civil War soldiers who fought on both sides illuminating their profound life changing experiences during the war and in the postbellum period The book covers the period from the surrender of the armies of the Confederacy to the return of the veterans to their homes It follows them through their readjustment to civilian life and to family life while addressing their ability and in some cases inability to become productive members of society By surveying Civil War veterans individual stories readers will gain an in

depth understanding of these soldiers sacrifices and comprehend how these discrete experiences coalesced to form America's memory of this war as a nation *Resisting Sherman* Thomas Heard Robertson, 2015-05-22 Despite its fascinating cast of characters host of combats large and small and its impact on the course of the Civil War surprisingly little ink has been spilled on the conflict's final months in the Carolinas *Resisting Sherman A Confederate Surgeon's Journal and the Civil War in the Carolinas 1865* by Francis Marion Robertson edited by Thomas H Robertson Jr fills in many of the gaps and adds tremendously to our knowledge of this region and those troubled final days of the Confederacy Surgeon Francis Robertson fled Charleston with the Confederate garrison in 1865 in an effort to stay ahead of General Sherman's Federal army as it marched north from Savannah The Southern high command was attempting to reinforce General Joseph E Johnston's force in North Carolina for a last ditch effort to defeat Sherman and perhaps join with General Lee in Virginia or at least gain better terms for surrender Dr Robertson a West Pointer physician professor politician patrician and Presbyterian with five sons in the Confederate army kept a daily journal for the final three months of the Civil War while traveling more than 900 miles through four states His account looks critically at the decisions of generals from a middle ranking officer's viewpoint describes army movements from a ground level perspective and places the military campaign within the everyday events of average citizens suffering under the boot of war Editor and descendant Thomas Robertson followed in his ancestor's footsteps conducting exhaustive research to identify the people route and places mentioned in the journal Sidebars on a wide variety of related issues include coverage of politics and the Battle of Averashboro where one of the surgeon's sons was shot An extensive introduction covers the military situation in and around Charleston that led to the evacuation described so vividly by Surgeon Robertson and an epilogue summarizes what happened to the diary characters after the war
