Che Guevara The Economics Of Revolution:

Che Guevara H. Yaffe, 2009-02-25 Che Guevara remains an iconic figure four decades after his death Yet his most significant contribution his work as a member of the Cuban government is rarely discussed This book explores his impact on Cuba s economy through fascinating new archival material and interviews **Che Guevara on Economics and Politics in the Transition to Socialism** Carlos Tablada, 2024-01-15 Ernesto Che Guevara fue un dirigente central de la vanguardia comunista de la Revoluci n Cubana forjada pol ticamente por Fidel Castro It s essential for working people to win state power Che writes Then there s the second stage maybe more difficult than the first the transition from dog eat dog capitalism to socialism That includes moving from work as a compulsory condition of survival to voluntary social labor through which we express our common humanity In the footsteps of Marx and Lenin Che s efforts to lay the economic foundations of this historic transformation were hammered out in revolutionary struggle They chart a road for working people everywhere to join in the fight for a socialist world And above all to transform ourselves in the process **The Great Debate on Political Economy** Che Guevara, Ernesto Guevara, Charles Bettelheim, Ernest Mandel, 2006-08-03 Complete collection of contributions to the famous debate published for the first time in English Che Guevara s outline of a humanist approach to economics is an unprecedented and unique contribution to Marxist theory This book reveals an entirely new dimension to Che Guevara beyond the young adventurer on a motorcycle or guerrilla icon as a profound political and economic thinker offering a unique resource for a new generation discussing alternatives to capitalism **Che Guevara, Economics and Politics in the Transition to Socialism** Carlos Tablada Pérez, 1989 Che Guevaras teoretiske bidrag til opbygningen af socialismen p Cuba 1959 1966 mens han var medlem af den cubanske revolutionsregering **The Marxism of Che Guevara** Michael Löwy, 2007-04-17 In this seminal exploration of Che Guevara s contributions to Marxist thinking Michael L wy traces Che s ideas about Marxism both as they related to Latin America and to more general philosophical political and economic issues Now revised and updated this edition includes a chapter on Guevara s search for a new paradigm of socialism and a substantive essay by Peter McLaren on Che s continued relevance today L wy portrays Guevara as a revolutionary humanist who considered all political questions from an internationalist viewpoint For him revolutionary movements in Latin America were part of a world process of emancipation L wy considers especially Che s views on the contradiction between socialist planning and the law of value in the Cuban economy and his search for an alternative road to the actually existing socialism of the Stalinist and post Stalinist Soviet bloc Che s varied occupations doctor and economist revolutionary and banker agitator and ambassador industrial organizer and guerrilla fighter were expressions of a deep commitment to social change This book eloquently captures his views on humanity his contributions to the theory of revolutionary warfare and his ideas about society s transition to socialism offering a cohesive nuanced introduction to the range of Guevara s thought **Che Guevara** Carlos Tablada, 1989 **The Marxism of Che Guevara** Michael Löwy, 1973 **Che Guevara** Allan

Todd,2024-07-30 Although Che Guevara was murdered almost sixty years ago the famous red and black image of him is still widely seen around the world at leftist political demonstrations and ironically given his strong opposition to capitalism on many commercial products However he was a controversial figure during his lifetime and remains so today On both the political left and the political right attitudes to him vary widely while some see him as a romantic highly principled and legendary fighter for the world s poor and exploited masses others depict him either as an unrealistic and thus irrelevant adventurer or even as a ruthless and cold blooded butcher Consequently biographies about him over the decades have ranged from the overly sympathetic to the extremely hostile As well as covering aspects of his family life and his loves and his early sometimes less than revolutionary attitudes this biography as expected deals with those areas for which Che is best known These include his adventurous explorations as a young man on a motorbike of Latin and Central America his leadership and bravery during Cuba s Revolutionary War his practical and theoretical contributions to the conduct of guerrilla warfare and his emergence as an international revolutionary legend who inspired radical young people in the 1960s and who continues to inspire rebellious people around the world today However this biography also explores other aspects of Che s life which are not so well known From an early age he developed a keen love of reading covering an eclectic mix of adventure stories poetry history and philosophy and from his teens he began a lifetime habit of making notes on what he read He also became a strong chess player able enough to draw with one of the world s leading grandmasters Even during guerrilla campaigns he managed to maintain those loves Since his murder he has emerged as an original contributor to Marxist economics and philosophy It was his wide ranging studies that led him to become an outspoken opponent of the orthodox communism followed in the Soviet Union and of its Cold War foreign policy of peaceful coexistence His tolerance of and willingness to work with those having different views saw him accused of Maoism and even Trotskyism More accurately Che has bequeathed the unique strand of revolutionary socialism known as Guevarism Che's Travels Paulo

Drinot,2010-09-01 Country by country historians follow the routes taken by Che Guevara on his two trips across Latin America in the early 1950s **Global Marxism** Simin Fadaee,2024-09-10 A cutting edge exploration of how Marx s ideas have been adopted and adapted by revolutionary thinkers in the Global South For much of the twentieth century the ideas of Karl Marx provided the backbone for social justice around the world But today the legacy of Marxism is contested with some seeing it as Eurocentric and irrelevant to the wider global struggle In Global Marxism Simin Fadaee argues that Marxism remains a living tradition and the cornerstone of revolutionary theory and practice in the Global South She explores the lives ideas and legacies of a group of revolutionaries who played an exceptional role in contributing to counter hegemonic change Figures such as Ho Chi Minh Kwame Nkrumah Ali Shariati and Subcomandante Marcos did not simply accept the version of Marxism that was given to them they adapted it to local conditions and contexts In doing this they demonstrated that Marxism is not a rigid set of propositions but an evolving force whose transformative potential remains enormous This global

Marxism has much to teach us in the never ending task of grasping the changing historical conditions of capitalism and the complex world in which we live
