no apparent reason other than simply being bad What makes a villain great however is the complexity of their character The truly terrible villains of DC Comics have depths of cruelty that grow with them and specific motivations driving them In these pages you will see these super villains at the peak of their achievements committing heinous acts of death and destruction all to achieve a specific goal They challenge the heroes and their ideals seeing the caped and cowed figures as obstacles to be overcome Compiled by several groups of hardcore fans these 100 moments are the greatest worst villainous acts in DC Comic book history A summary of each super villain brings new fans up to speed from their origins to their most dastardly revivals Classic and modern comic book art are shown throughout Enjoy the most important parts of your favorite story arcs It s a great starting point for new readers or a nostalgic look for hardcore fans through the villains old and new An extension of the DC Comics 100 Greatest Moments series for the most dedicated and curious DC comics fan
