Da Costa S Kompletee Dichtwerken:

Dutch Calvinism in Modern America James D. Bratt, 2002-12-30 In this scholarly yet entertaining book James D Bratt takes a look at the Dutch in America from the late 19th century to the present A comprehensive study of an ethnic subculture the book is in large part a study of the group s religious history as well since as Bratt points out the contours of the Dutch presence in America have been overwhelmingly shaped by the church and its subsidiary organizations Although the book is extensively and scrupulously documented Bratt has infused his scholarship with a considerable amount of anecdote that is by turns poignant and tragic and hilarious In Bratt s analysis of the fitful progress of Americanization that this close knit religious community has undergone we are treated to the sharp insights of a bemused and sometimes disaffected insider Included is a chapter on novelists Arnold Mulder David Cornel DeJong Frederick Manfred and Peter DeVries four sons of the Dutch who fled the subculture only to reflect upon it almost obsessively from the outside Well written scholarly and highly readable Dutch Calvinism In Modern America will have wide appeal among both academic and general readers

Cultures of Conversions Jan N. Bremmer, Wout Jac. van Bekkum, Arie L. Molendijk, 2006 In the terms of Durkheimian sociology conversion is a fait social Although they are rarely treated as a cultural phenomenon conversions can obviously be examined for the norms values and presuppositions of the cultures in which they take place Thus conversion can help us to shed light on a particular culture At the same time the term evokes a dramatic appeal that suggests a kind of suddenness although in most cases conversion implies a more gradual process of establishing and defining a new religious identity From 21-24 May 2003 the University of Groningen hosted an international conference on Cultures of Conversion The contributions have been edited in two volumes which pay special attention to the modes of language and idiom in conversion literature the meaning and sense of religious ideological discourse the variety of rhetorical tropes and the effects of the conversion narrative with allusions to religious or political conventions and idealizations The present volume offers in depth studies of conversion that are mainly taken from the history of India Islam and Judaism ranging from the Byzantine period to the new Muslims of the West The other volume Paradigms Poetics and Politics of Conversion in addition to stimulating case studies contains theoretical contributions on the theory of conversion with special attention to the rational choice theory and to the history of research into conversion
