Angel Christopher Halt,2018-09-20 They've lived among us for decades without incident. Until now. After Chase Madison is arrested for selling his ADHD meds, he stumbles onto a shocking conspiracy within the criminal justice system. A group of people living among us, seemingly not from our planet, use a mental power called psy to subtly influence others, controlling events and governing outcomes. When Chase discovers that this unusual group has begun to closely monitor him, he calls upon the skills of his criminal past to peel back the layers within their organization. But what he doesn't know is that their interest in him is due to their inability to control him. Their psy is ineffective against him. His unique immunity to their mental power is, in fact, Attention Deficit Disorder. The disability which has plagued him his entire life has now become his greatest strength. It also makes him a threat.
