Deceptions And Myths Of The Bible:

Deceptions and Myths of the Bible Lloyd M. Graham, 2012-07-16 Lloyd M Graham is out to show that the Bible both the Old and New Testaments as we know them are not holy nor are they the word of God revealed The stories of the Bible were set down by power seeking priests eager to inspire awe and to gather flocks who would take part in their rites and rituals and they weren't very original either In *Deceptions and Myths of the Bible* Graham reintroduces us to the true origins of Adam and Eve who were derived from a Babylonian account to the story of Noah's flood which was the result of over four hundred years of flood accounts from various ancient civilizations to the man named Moses who was fashioned after the Syrian story of Mises and even to the laws of the Bible which were patterned after the Babylonian Code of Hammurabi Graham points out the 137 similarities between the story of Jesus and the story of the Egyptian god Horus and the hundreds and hundreds of similarities between the story of Christ and the Hindu god Krishna For any reader interested in history or theology Graham's book is essential eye opening and controversial reading If you are an atheist you'll be eager to read these arguments in support of your beliefs If you are agnostic you will want to have this evidence at your fingertips as you weigh systems of belief and disbelief If you are religious you will want to know how your faith came into being and how a study of history might shake or support your beliefs *Deceptions and Myths of the Bible* Lloyd Graham, 1975

The Greatest Story Ever Forged (Curse of the Christ Myth) David Hernandez, 2009-09 Is God fact or fiction This is the question that has been the subject of debate for millennia oftentimes leading to violence as we have seen in the countless religious wars throughout the course of history including the Islamic and Christian wars of today *The Greatest Story Ever Forged* discusses this question and outlines the fabrications giving birth to these monotheistic religions their early developments and how they have tyrannized the West and Middle East for these many centuries Though there have been many defenders of the faith David Hernandez shows how these religions have infinitely caused more damage to man than any good they have ever been credited for having done This is what he calls the Curse of the Christ Myth which derives from the big lie as propounded by the inventors of the Christ Myth who battled as fiercely among themselves as they did against their detractors or non-believers These include everyone from the Jews to the Pagans to the Gnostics to the heretics and any form of infidels in an effort to establish their true religions

Beyond Deceptions Myths and Lies Soyinka Iyabo Ogunbusola, 2008-04-21 *Beyond Deceptions Myths and Lies* reveal the origins of distorted misrepresentations of traditional African spiritual systems It also reveals how the slave trade was responsible for spiritually de-Africanizing 80% of the African descendent population in the Diaspora fragmenting numerous African cultures spiritual systems and traditions *Beyond Deceptions Myths and Lies* unlocks the truth in how systematic methods of self-hate and mis-education through Western religious concepts have vilified traditional African spiritual systems and concepts of those enslaved by Christian colonizers whose religious traditions justified and sanctioned one of the world's most heinous atrocities in history the trans-Atlantic slave trade

Astrada,2013-11-01 In the first volume of his Nonsense Papers series James W Astrada explored the controversial discussion of extraterrestrial influence on the human species and planet Earth Now on the precipice of the Digital Age humanity is evolving at an astonishing ratebut are we evolving quickly enough to be entrusted with our advances As we face the estimate that the human population may swell to ten billion by 2050 we must demand debate on how this finite planet can handle humanitys uncontrolled growth This second installment of Astradas series continues to focus on humanitys

The Debaters of This Age Steven H Propp,2019-02-05 It is June 2018 as an unusual group of scholars professors lecturers and students gather in a California hotel They are all attendees of an Apologetics conference intended to join qualified representatives of Christian Deist and Atheist thought for a two week no holds barred debate and discussion of their respective positions that will ultimately be included in a book published after the conference Evangelical Christianity is represented by advocates of Evidentialist and Presuppositionalist approaches to Apologetics Catholicism liberal Christianity and Deism are also well supported The Atheist perspective is advocated by a polemical author and a college professor notorious for attacking the views of his Christian students As the participants argue over controversial issues such as cosmology evolution The Bible historical evidence for Jesus the resurrection biblical prophecies and the problem of evil intellectual fireworks result But what will result when such a volatile and eclectic group is placed face to face for more than two weeks

What Your Preacher Didn'T Tell You John Winsor,2011-10-18 What your preacher didnt tell you is this Christianity was a Medieval invention that contradicts what Jesus taught He didnt believe that he was divine or that anybody was bound for heaven Winsor quotes the Bible itself to explain how preachers obfuscate its meaning Followers are deceived by tricks such as the conflation of terms that are not synonymous Son of Man referred to mankind in general not to Jesus Kingdom of Heaven referred to a future earthly kingdom that Jesus hoped to rule not to Heaven itself His own prayer asks Yahweh to establish it and make life on earth as it is in heaven Matthew 6 10 Jesus thought it would come very soon you will not have gone through all the towns of Israel before the son of man comes Matthew 10 23 He expected Yahweh to bring people to the kingdom in clouds with great power and glory Mark 13 26 Fundamentalists falsely assert that there is no wall of separation between Church and State They create de facto religious tests and poison our public discourse Christian dogma conflicts with historical and scientific facts and even with Biblical text Its interference in politics undermines our ability to seek real world solutions to real world problems Preachers often claim that the Bibles text is too complicated for lay people to understand but if youre armed with the clues in this book it is fairly straightforward reading If you have questions about the Bible Christianity and how they relate to modern science and American democracy youll find real answers here
