Catalog It! Allison G. Kaplan, 2015-12-07 Whether you're a practicing cataloger looking for a short text to update you on the application of RDA to cataloging records or a school librarian who needs a quick resource to answer cataloging questions this guide is for you. Since the last edition of this invaluable text was published the library world has experienced a revolution in descriptive cataloging the likes of which has not been seen since the early 1980s. This updated third edition of an established and well-respected guide makes it easy for you to stay in step with those monumental changes. The book will help you understand the latest fundamentals of cataloging so you can get items on the library shelves quickly and efficiently. Every chapter has been revised. Changes in standards including RDA and BISAC that were alluded to in the second edition are discussed in depth and illustrated with explanations and sample problem sets are included so you can put theory into practice. In addition the book provides you with clear headings for easy scanning as well as cheat sheets and templates for creating records for book and non-book items. Previous editions of this text have been used by library practitioners and library and information science professors across the country because of its spot-on easy-to-follow guidance on cataloging for school libraries. This new edition builds upon those strengths adding everything you need to know about current groundbreaking changes.

eBooks for Elementary School Terence W. Cavanaugh, 2014-12-02 eBooks offer students as well as teachers, school and public librarians, and parents tremendous possibilities. This book explains how to expand and enhance the reading experience through the use of technology. Today eBooks are everywhere and the use of digital learning materials is beginning to supplant traditional printed materials. As the world shifts to digital books, both teachers and students need to be comfortable and effective using materials in this format. This book helps you to apply eBook materials to existing curricula to create interactive educational activities and have access to more materials to support reading instruction, literacy standards, and reading in the content areas. Author Terence W. Cavanaugh, an expert on teaching with technology, describes numerous strategies for integrating eBooks into reading instruction and remediation for students in preschool through grade 6. He covers the hardware and software used, the wide range of formats available, and research conducted on the use of eBooks with students as well as how to access free resources such as digital libraries and special collections that make eBooks available for schools. The book also contains a chapter dedicated to using eBooks to help emergent or struggling readers.
