BOOK JACKET *Linking Literacy and Libraries in Global Communities* Marlene Asselin, Ray Doiron, 2016-05-06 Libraries in today's global world have emerged as key players in building a culture for reading in communities while enhancing the literacy development of children youth adults and seniors Whether one lives in a modern city with sophisticated library services or in a remote region of the world where access to books and literacy services may be limited librarians and libraries are contributing to the development of learning communities This book captures some of the essence of this work in libraries in order to inspire and support all those who value the role of libraries in building global communities The authors highlight the emerging role of libraries and community partners in literacy development and provide concrete examples via case studies drawn from global communities demonstrating how libraries are working to support local literacies They also suggest recommendations for supporting the critical role for libraries in supporting global literacies The book will

become essential reading for all those interested in literacy and libraries throughout the world *Culture and Economics in the Global Community* Kensei Hiwaki,2016-05-13 Many of the concepts values and basic assumptions on which modern economic and business theory is based do not translate into or convey the same meaning in non European languages or non Western cultures as they do in Western societies This results in a mismatch between what Many of the concepts values and basic assumptions on which modern economic and business theory is based do not translate into or convey the same meaning in non European languages or non Western cultures as they do in Western societies This results in a mismatch between what have now become global economic values and local cultural ones Kensei Hiwaki considers a new paradigm that a sound culture is needed to underpin development employment and trade and an optimal development path This concept is discussed against the background of the author s contention that his own Japanese society has succumbed to unsustainable modern tendencies leading to the antithesis of sustainable development and placing the society and economy in a credibility trap into which it is predicted other countries like China might also fall Professor Hiwaki presents a detailed theoretical framework for balanced socioeconomic development relevant to sustainable development of the global community explaining the pivotal concepts on which it is based as well as the institutional and practical implications of adopting the paradigm including new approaches to taxation employment trade multi media communications and global governance *Culture and Economics in the Global Community* is a challenging but ultimately hopeful book that introduces new perspectives for leaders in the political arena in business in development agencies and to researchers and others with a professional or academic interest in economics trade governance and environmental issues social policy or cultural anthropology **The BERA**
