

CLASSICAL HINDU THOUGHT

An Introduction

ARVIND SHARMA

Classical Hindu Thought Classical Hindu Thought

B. S. Devamani

Classical Hindu Thought Classical Hindu Thought:

Classical Hindu Thought Arvind Sharma, 2000 Introduces the texts and ideas of Hinduism crystallized during the 4th to the 10th century BCE This book explains their contemporary relevance and deals with the key concepts the main gods and goddesses and texts such as the Purusarthas It also examines the different systems of yoga *A Sourcebook of Classical Hindu Thought* Arvind Sharma, 2012 Classical Hindu Thought Arvind Sharma, 1999 The key concepts of Hinduism like Karma Dharma Maya Moksha Varna etc are presented in a concise and accessible manner in this introduction with further sections dedicated to the main Hindu gods and goddesses and texts such as the Purusarthas **The Hindu View of History, Classical and Modern** Stanley J. Samarth, 1959 **Hindu Ethics** Roy W. Perrett, Senior Lecturer in Philosophy Roy W Perrett, 1998-01-01 This philosophical study offers a representation of the logical structure of classical Hindu ethics and argues for the availability of at least the core of this ethical system for Westerners *Ramanuja* B. S. Devamani, 1980

Cultural Sociology of the Middle East, Asia, and Africa Andrea L. Stanton, 2012 In our age of globalization and multiculturalism it has never been more important to understand and appreciate all cultures across the world The four volumes take a step forward in this endeavour by presenting concise information on those regions least well known to students across Europe the Middle East Asia and Africa The volumes convey what daily life is like for people in these selected regions Entries will aid readers in understanding the importance of cultural sociology to appreciate the effects of cultural forces around the world and to learn the history of countries and cultures within these important regions Key Features Topics are explored within historical context in three broad historical periods prehistory to 1250 1250 to 1920 and 1920 to the present One volume each is devoted to the regions of the Middle East and Africa and then one volume to East and Southeast Asia and a final volume to West Central and South Asia The volumes include extensive use of photographs and maps to explain cultural and geographic content Each volume has its own volume editor with expertise in that particular region Key Themes Arts Culture and Science People Society and Dynasties Religion and Law Family and Daily Life Conflicts and Wars Politics and Government Health and Education Economy Trade and Industry National Geography and History

Indian Thought and Western Theism Martin Ganeri, 2015-02-11 The encounter between the West and India in the modern period has also been an encounter between Western modernity and the traditions of classical Indian thought This book is the study of one aspect this encounter that between Western scholasticism and one classical Indian tradition of religious thought and practice the Vedānta In the modern period there have been many attempts to relate Western theistic traditions to classical Indian accounts of ultimate reality and the world Parallels have usually been drawn with modern forms of Western philosophy or modern trends in theism Modern Indological studies have continued to make substantial use of Western terms and concepts to describe and analyse Indian thought A much neglected area of study has been the relationship between Western scholastic theology and classical Indian thought This book challenges existing parallels with modern philosophy of

religion and forms of theism It argues instead that there is an affinity between scholasticism and classical Indian traditions It considers the thought of R m nuja traditional dates 1017 1137 CE who developed an influential theist and realist form of Ved nta and considers how this relates to that of the most influential of Western scholastics Thomas Aquinas 1224 5 1274 CE Within what remain very different traditions we can see similar methods of enquiry as well as common questions and concerns in their accounts of ultimate reality and of the world Arguing that there is indeed an affinity between the Western scholastic tradition and that of classical Indian thought and suggesting a reversal of the tendencies of earlier interpretations this book will be of interest to students and scholars of Asian religion Hinduism and Indian philosophy **Return to**

Nature? Fred Dallmayr, 2011-09-30 Sustainability has become a compelling topic of domestic and international debate as the world searches for effective solutions to accumulating ecological problems In *Return to Nature An Ecological Counterhistory* Fred Dallmayr demonstrates how nature has been marginalized colonized and abused in the modern era Although nature was regarded as a matrix that encompassed all beings in premodern and classical thought modern Western thinkers tend to disregard this original unity essentially exiling nature from human life By means of a philosophical counterhistory leading from Spinoza to Dewey and beyond the book traces successive efforts to correct this tendency Grounding his writing in a holistic relationism that reconnects humanity with ecology Dallmayr pleads for the reintroduction of nature into contemporary philosophical discussion and sociopolitical practice *Return to Nature* unites learning intelligence sensibility and moral passion to offer a multifaceted history of philosophy with regard to our place in the natural world Dallmayr s visionary writings provide an informed foundation for environmental policy and represent an impassioned call to reclaim nature in our everyday lives Hope and Community Veli-Matti Karkkainen, 2017-10-23 The culmination of K rkk inen s multivolume magnum opus This fifth and final volume of Veli Matti K rkk inen s ambitious five volume systematic theology develops a constructive Christian eschatology and ecclesiology in dialogue with the Christian tradition with contemporary theology in all its global and contextual diversity and with other major living faiths Judaism Islam Buddhism and Hinduism In Part One of the book K rkk inen discusses eschatology in the contexts of world faiths and natural sciences including physical cosmological and neuroscientific theories In Part Two on ecclesiology he adopts a deeply ecumenical approach His proposal for greater Christian unity includes the various dimensions of the church s missional existence and a robust dialogical witness to other faith communities
