**Kenneth T. Jackson, Lisa Keller, Nancy  
Flood**

## **Communists In Harlem During The Depression:**

*Communists in Harlem During the Depression* Mark Naison, 2005 Winner of the Ralph Bunche Award American Political Science Association No socialist organization has ever had a more profound effect on black life than the Communist Party did in Harlem during the Depression Mark Naison describes how the party won the early endorsement of such people as Adam Clayton Powell Jr and how its support of racial equality and integration impressed black intellectuals including Richard Wright Langston Hughes and Paul Robeson This meticulously researched work largely based on primary materials and interviews with leading black Communists from the 1930s is the first to fully explore this provocative encounter between whites and blacks It provides a detailed look at an exciting period of reform as well as an intimate portrait of Harlem in the 1920s and 30s at the high point of its influence and pride

**Black Communists Speak on Scottsboro** Walter T. Howard, 2007-12-07 On March 25 1931 Alabama police detained nine young African American men at a railroad stop not far from Scottsboro In the process they encountered two white women who promptly accused the young men of raping them Soon after all white juries found the nine youths guilty and eight of them were sentenced to death Although many Americans were outraged by the injustices of the case the loudest voices raised in protest were those of members of the American Communist Party Many white Communists spoke out but black Communists took the lead in organizing public protests and legal responses As this surprising book makes clear they were acting at the direction of the Communist International Comintern which had directed them to address the Negro problem Now with the opening of formerly inaccessible Communist party archives this collection of primary documents reveals the little known but major roles played by black Communists in the case of the Scottsboro Boys

**Empire of Timber** Erik Loomis, 2016 This is the first book to center labor unions as actors in American environmental policy

The Harvard Guide to African-American History Evelyn Brooks Higginbotham, 2001 This massive guide sponsored by the W E B Du Bois Institute for Afro American Research at Harvard University and compiled by renowned experts offers a compendium of information and interpretation on over 500 years of black experience in America

The Communist Experience in America Harvey Klehr, 2017-07-28 Arguments about whether distinctive features of American society culture political structure economic system or population account for the relative weakness of American radicalism have engaged historians sociologists and political scientists for decades Influential concepts such as frontier theory have been linked with the absence of class conflict in America Other analysts have attributed the failure of the American Left to fierce repression giving red scares and the McCarthy era as illustrations Some have linked the American Left's failure to American immigration winner take all elections and the cultural values of individualism The Communist Party one of America's largest and longest lasting radical groups offers many lessons about how radical political groups can take advantage of or squander their opportunities Klehr focuses on the theme of American exceptionalism and problems that America's capitalist society raised for Marxism and other radical groups The Communist

Experience in America deals with dissident communist formulations Such groups included a number of talented men who went on to a variety of political and literary careers Klehr also deals with fellow travelers some of whom wrote fascinating essays on American exceptionalism and the decline of political extremism In part Klehr hopes to inspire the same moral outrage about Communism that fuels those dedicated to ensuring that Nazi crimes are never forgotten or obfuscated Communism in practice everywhere in the world also came at enormous human cost Regardless of their other virtues or qualities those who supported or defended Communism from the safety of the United States must be called to account This work does just that in detail and depth A History of African-American Leadership John White, Bruce J.

Dierenfield, 2014-06-11 The story of black emancipation is one of the most dramatic themes of American history covering racism murder poverty and extreme heroism Figures such as Malcolm X and Martin Luther King are the demigods of the freedom movements both film and household figures This major text explores the African American experience of the twentieth century with particular reference to six outstanding race leaders Their philosophies and strategies for racial advancement are compared and set against the historical framework and constraints within which they functioned The book also examines the grass roots of black protest movements in America paying particular attention to the major civil rights organizations as well as black separatist groups such as the Nation of Islam *Scarlet and Black, Volume Two* Kendra Boyd, Marisa J. Fuentes, Deborah Gray White, 2020-02-21 The 250th anniversary of the founding of Rutgers University is a perfect moment for the Rutgers community to reconcile its past and acknowledge its role in the enslavement and debasement of African Americans and the disfranchisement and elimination of Native American people and culture *Scarlet and Black Volume 2* continues to document the history of Rutgers's connection to slavery which was neither casual nor accidental nor unusual Like most early American colleges Rutgers depended on slaves to build its campuses and serve its students and faculty it depended on the sale of black people to fund its very existence This second of a planned three volumes continues the work of the Committee on Enslaved and Disenfranchised Population in Rutgers History This latest volume includes an introduction to the period studied from the end of the Civil War through WWII by Deborah Gray White a study of the first black students at Rutgers and New Brunswick Theological Seminary an analysis of African American life in the City of New Brunswick during the period and profiles of the earliest black women to matriculate at Douglass College To learn more about the work of the Committee on Enslaved and Disenfranchised Population in Rutgers History visit the project's website at <http://scarletandblack.rutgers.edu> **Imagining Black America** Michael Wayne, 2014-02-28 DIVScientific research has now established that race should be understood as a social construct not a true biological division of humanity In *Imagining Black America* Michael Wayne explores the construction and reconstruction of black America from the arrival of the first Africans in Jamestown in 1619 to Barack Obama's reelection Races have to be imagined into existence and constantly reimagined as circumstances change Wayne argues and as a consequence the boundaries of black America have historically been contested

terrain He discusses the emergence in the nineteenth century and the erosion during the past two decades of the notorious one drop rule He shows how significant periods of social transformation emancipation the Great Migration the rise of the urban ghetto and the Civil Rights Movement raised major questions for black Americans about the defining characteristics of their racial community And he explores how factors such as class age and gender have influenced perceptions of what it means to be black Wayne also considers how slavery and its legacy have defined freedom in the United States Black Americans he argues because of their deep commitment to the promise of freedom and the ideals articulated by the Founding Fathers became and remain quintessential Americans the incarnation of America in the words of the civil rights leader A Philip Randolph div     *The Encyclopedia of New York City* Kenneth T. Jackson, Lisa Keller, Nancy Flood, 2010-12-01 Covering an exhaustive range of information about the five boroughs the first edition of *The Encyclopedia of New York City* was a success by every measure earning worldwide acclaim and several awards for reference excellence and selling out its first printing before it was officially published But much has changed since the volume first appeared in 1995 the World Trade Center no longer dominates the skyline a billionaire businessman has become an unlikely three term mayor and urban regeneration Chelsea Piers the High Line DUMBO Williamsburg the South Bronx the Lower East Side has become commonplace To reflect such innovation and change this definitive one volume resource on the city has been completely revised and expanded The revised edition includes 800 new entries that help complete the story of New York from Air Train to E ZPass from September 11 to public order The new material includes broader coverage of subject areas previously underserved as well as new maps and illustrations Virtually all existing entries spanning architecture politics business sports the arts and more have been updated to reflect the impact of the past two decades The more than 5 000 alphabetical entries and 700 illustrations of the second edition of *The Encyclopedia of New York City* convey the richness and diversity of its subject in great breadth and detail and will continue to serve as an indispensable tool for everyone who has even a passing interest in the American metropolis     *Sojourning for Freedom* Erik S. McDuffie, 2011-06-27 Illuminates a pathbreaking black radical feminist politics forged by black women leftists active in the U S Communist Party between its founding in 1919 and its demise in the 1950s

This book delves into Communists In Harlem During The Depression. Communists In Harlem During The Depression is a crucial topic that must be grasped by everyone, from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into Communists In Harlem During The Depression, encompassing both the fundamentals and more intricate discussions.
