Comparative Perspectives On Gender Violence Lessons From Efforts Worldwide:

Comparative Perspectives on Gender Violence Rashmi Goel, Leigh Goodmark, 2015 The United States has exported its law on gender violence without regard to effectiveness or cultural context and without asking about efforts to combat gender violence in the rest of the world This book answers that question by surveying the work being done around the world to eradicate gender violence

Gender and Violence in Historical and Contemporary Perspectives Jyoti Atwal, Iris Flessenkämper, 2019-08-08 This book covers a range of issues and phenomena around gender related violence in specific cultural and regional conditions Using an interdisciplinary approach it discusses historical and contemporary developments that trigger violence while highlighting the social conditions practices discourses and cultural experiences of gender related violence in India Beginning with the issues of gender based violence within the traditional context of Indian history and colonial encounters it moves on to explore the connections between gender minorities marginalisation sexuality and violence especially violence against Dalit women disabled women and transgender people It traces and interprets similarities and differences as well as identifies social causes of potential conflicts Further it investigates the forms and mechanisms of political economic and institutional violence in the legitimization or de legitimization of traditional gender roles The chapters deal with sexual violence violence within marriage and family influence of patriarchal forces within factory based gender violence and global processes such as demand driven surrogacy and the politics of literary and cinematic representations of gender based violence The book situates relevant debates about India and underlines the global context in the making of the gender bias that leads to violence both in the public and private domains An important contribution to feminist scholarship this book will be useful to scholars and researchers of gender studies women s studies history sociology and political science

The Routledge International Handbook on Femicide and Feminicide Myrna Dawson, Saide Mobayed Vega, 2023-05-31 This volume explores in depth femicide and feminicide bringing together our current knowledge on this phenomenon and its prevention No country is free from femicide feminicide which represents the tip of the iceberg in male violence against women and girls Therefore it is crucial and timely to better understand how states and their citizens are experiencing and responding to femicide feminicide globally Through the work of internationally recognised feminist and grassroots activists researchers and academics from around the world this handbook offers the first in depth global examination of the growing social movement to address femicide and feminicide It includes the current state of knowledge and the prevalence of femicide feminicide and its characteristics across countries and world regions as well as the social and legal responses to these killings The contributions contained here look at the accomplishments of the past four decades ongoing challenges and current and future priorities to identify where we need to go from here to prevent femicide feminicide specifically and male violence against women and girls overall This transnational multidisciplinary cross sectoral handbook will contribute to research policy and practice globally at a time when it is needed the most It brings a visible global focus to the growing

concern about femicide feminicide underscoring the importance of adopting a human rights framework in working towards its prevention in an increasingly unstable global world for women and girls *The Emerald Handbook of Feminism, Criminology and Social Change* Sandra Walklate, Kate Fitz-Gibbon, Jude McCulloch, Jane Maree Maher, 2020-07-02 Emerald Studies in Criminology Feminism and Social Change offers a platform for innovative engaged and forward looking feminist informed work to explore the interconnections between social change and the capacity of criminology to grapple with the implications of such change *The Routledge Handbook of Gender and Violence* Nancy Lombard, 2018-01-02 The Routledge Handbook of Gender and Violence provides both a comprehensive and authoritative state of the art overview of the latest research in the field of gender and violence Each of the 23 specially commissioned chapters develops and summarises their key issue or debate including rape stalking online harassment domestic abuse FGM trafficking and prostitution in relation to gender and violence They study violence against women but also look at male victims and perpetrators as well as gay lesbian and transgender violence The interdisciplinary nature of the subject area is highlighted with authors spanning criminology social policy sociology geography health media and law alongside activists and members of statutory and third sector organisations The diversity of perspectives all highlight that gendered violence is both an age old and continuing social problem By drawing together leading scholars this handbook provides an up to the minute snapshot of current scholarship as well as signposting several fruitful avenues for future research This book is both an invaluable resource for scholars and an indispensable teaching tool for use in the classroom and will be of interest to students academics social workers and other professionals working to end gender based violence **Decoupling** Ethan Michelson, 2022-03-31 Michelson's analysis of almost 150 000 divorce trials reveals routine and egregious violations of China's own laws upholding the freedom of divorce gender equality and the protection of women's physical security Using big data computational techniques to scrutinize cases covering 2009 2016 from all 252 basic level courts in two Chinese provinces Henan and Zhejiang Michelson reveals that women have borne the brunt of a dramatic intensification since the mid 2000s of a decades long practice of denying divorce requests This book takes the reader upstream to the institutional sources of China's clampdown on divorce and downstream to its devastating and highly gendered human toll showing how judges in an overburdened court system clear their oppressive dockets at the expense of women's lawful rights and interests This book is a must read for anyone interested in Chinese courts judicial decision making family law gender violence and the limits and possibilities of the globalization of law This title is also available as Open Access on Cambridge Core *The Persistence of Violence* Toby Miller, 2020-07-17 Colombia's headline story about the peace process with guerrilla and its attendant controversies does not consider the fundamental contradiction of a nation that spans generosity and violence warmth and hatred products of its particular pattern of invasion dispossession and enslavement The Persistence of Violence fills that gap in understanding Colombia is a place that is two countries in one the ideal and the real summed up in the idiomatic expression not unique to Colombia but

particularly popular there Hecha la ley hecha la trampa When you pass a law you create a loophole Less cynically and more poetically the Nobel Laureate Gabriel Garc a M rquez deemed Colombians capable of both the most noble acts and the most abject ones in a world where it seems anyone might do anything from the beautiful to the horrendous The Persistence of Violence draws on those contradictions and paradoxes to look at how violence and resistance to it characterize Colombian popular culture from football to soap opera to journalism to tourism to the environment Religion and Intimate Partner Violence Nancy Nason-Clark, Barbara Fisher-Townsend, Catherine Holtmann, Stephen McMullin, 2018 Intimate partner violence is a complex ugly fear inducing reality for large numbers of women around the world When violence exists in a relationship safety is compromised shame abounds and peace evaporates Violence is learned behavior and it flourishes most when it is ignored minimized or misunderstood When it strikes the homes of deeply religious women they are more vulnerable more likely to believe that their abusive partners can and will change less likely to leave a violent home temporarily or forever often reluctant to seek outside sources of assistance and frequently disappointed by the response of the religious leader to their call for help These women often believe they are called by God to endure the suffering to forgive and to keep on forgiving their abuser and to fulfill their marital vows until death do us part Concurrently many batterers employ explicitly religious language to justify the violence towards their partners and sometime they manipulate spiritual leaders who try to offer them help Religion and Intimate Partner Violence seeks to navigate the relatively uncharted waters of intimate partner violence in families of deep faith The program of research on which it is based spans over twenty five years and includes a wide variety of specific studies involving religious leaders congregations battered women men in batterer intervention programs and the army of workers who assist families impacted by abuse including criminal justice workers therapeutic staff advocacy workers and religious leaders The authors provide a rich and colorful portrayal of the intersection of intimate partner violence and religious beliefs and practices that inform and interweave throughout daily life Such a focus on lived religion enables readers to isolate examine and evaluate ways in which religion both augments and thwarts the journey towards justice accountability healing and wholeness for women and men caught in the web of intimate partner violence **Spacing Debt** Christopher Harker, 2020-11-09 In Spacing Debt Christopher Harker demonstrates that financial debt is as much a spatial phenomenon as it is a temporal and social one Harker traces the emergence of debt in Ramallah after 2008 as part of the financialization of the Palestinian economy under Israeli settler colonialism Debt contributes to processes through which Palestinians are kept economically unstable and subordinate Harker draws extensively on residents accounts of living with the explosion of personal debt to highlight the entanglement of consumer credit with other obligatory relations among family friends and institutions He offers a new geographical theorization of debt showing how debt affects urban space including the movement of bodies through the city localized economies and the political violence associated with occupation Bringing cultural and urban imaginaries into conversation with monetized debt

Harker shows how debt itself becomes a slow violence embedded into the everyday lives of citizens However debt is also a means through which Palestinians practice endurance creatively adapting to life under occupation Men's Activism to End Violence Against Women Nicole Westmarland,Anna-Lena Almqvist,Linn Egeberg Holmgren,Sandy Ruxton,Stephen Burrell,Custodio Delgado Valbuena,2021-07-20 EPUB and EPDF available Open Access under CC BY NC ND licence Some have argued that more men should play a role in ending violence against women but what do we know about those men who are already doing so Using case studies from Spain Sweden and the UK this book highlights those men who are already taking action Examining the social cultural political and economic factors that support men to take a public stance the authors explore what we can learn from their experiences in order to help build the movement to end violence against women This important study will inform scholars and students of sociology and gender studies as well as social movements and organisations working to involve and engage men and boys in achieving gender equality
