Education in the Commonwealth Caribbean and Netherlands Antilles Emel Thomas, 2014-05-08 Education in the Commonwealth Caribbean and Netherlands Antilles provides a contemporary survey of education development and key educational issues in the region. The chapters cover Anguilla, Antigua and Barbuda, the Bahamas, Barbados, Belize, Bermuda, the British Virgin Islands, the Cayman Islands, Dominica, Grenada, Guyana, Jamaica, the Netherlands Antilles, Aruba, Bonaire, Curacao, Saba, Saint Eustatius and Saint Maarten, Montserrat, Saint Kitts and Nevis, Saint Lucia, Saint Vincent and the Grenadines, Surinam, Trinidad and Tobago, and the Turks and Caicos Islands. The book includes discussions of the impact of local, regional, and global occurrences including social, political, and geographical events on education systems and schooling in the region. As a whole, the book provides a comprehensive reference resource for contemporary education policies in the Caribbean and explores some of the problems these countries face during the process of development. It is an essential reference for researchers, scholars, international agencies, and policy makers at all levels. *The Oxford Handbook of Caribbean Constitutions* Richard Albert, Derek O'Brien, Se-shauna Wheatle, 2020-07-23 The Oxford Handbook of Caribbean Constitutions offers a detailed and analytical view of the constitutions of the Caribbean region, examining the constitutional development of its diverse countries. The Handbook explains the features of the region's constitutions and examines themes emerging from the Caribbean's experience with constitutional interpretation and reform. Beginning with a Foreword from the former President of the Caribbean Court of Justice and an Introduction by the lead editor, Richard Albert, the remainder of the book is divided into four parts. Part I, Caribbean Constitutions in the World, highlights what is distinctive about the constitutions of the Caribbean. Part II covers the constitutions of the Caribbean in detail, offering a rich analysis of the constitutional history, design, controversies, and future challenges in each country or group of countries. Each chapter in this section addresses topics such as the impact of key historical and political events on the constitutional landscape for the jurisdiction, a systematic account of the interaction between the legislature and the executive, the civil service, the electoral system, and the independence of the judiciary. Part III addresses fundamental rights, debates, and developments in the region, including the death penalty and socio-economic rights. Finally, Part IV features critical reflections on the challenges and prospects for the region, including the work of the Caribbean Court of Justice and the future of constitutional reform. This is the first book of its kind, bringing together in a single volume a comprehensive review of the constitutional development of the entire Caribbean region, from the Bahamas in the north to Guyana and Suriname in South America, and all the islands in between. While written in English, the book embraces the linguistic and cultural diversity of the region and covers the Anglophone Caribbean as well as the Spanish, French, and Dutch-speaking Caribbean countries. Endangered and Transformative Childhood in Caribbean Small Island Developing States Aldrie Henry-Lee, 2019-11-25 This book examines childhood in four Caribbean SIDS: Barbados, Jamaica, Haiti, and St. Lucia. Through the analysis of primary and secondary data

the author reveals that children in Caribbean SIDS experience an endangered childhood The intrinsic characteristics of SIDS including susceptibility to climate change and high levels of poverty indebtedness and inequality Henry Lee argues increase the vulnerability of children Furthermore duty bearers are not adequately investing in children private and public spaces are not child friendly and children s rights are violated daily Endangered and Transformative Childhood in Caribbean Small Island Developing States shows that children are therefore at risk of being left behind in the fulfilment of the UN2030 Agenda and that the Convention of the Rights of the Child 1989 lacks enforceable sanctions Unless a radical transformation of childhood takes place the prosperity and viability of Caribbean SIDS will remain elusive for generations to come Students scholars and policy makers with an interest in childhood studies children s rights and social policy will find this book a valuable read
