del cristianismo sólo un teatro de violencia y de superchería. La historia misma de la protagonista su descubrimiento al pasar del amor instintivo al ofrecimiento de alcance histórico general que el cristianismo católico constituye la única alternativa verdadera a la ley de la violencia sin censurar nada de la humanidad de la cultura y de la situación social de la época sino mostrando la existencia de un destino bueno para todo. *Cristina, hija de Lavrans*/3: La Cruz Sigrid Undset, 1997-06-20

Había un misterio que no comprendía pero del que estaba segura Dios no había dejado de envolverla con su amor sin que se diera cuenta y a través de su obstinación a través de su espíritu terco e interesado un poco de aquel amor había persistido en ella y actuado como el sol que fecunda la tierra. Había nacido una flor que la pasión carnal no pudo marchitar ya fuera ardiente llama o tormenta de colérica furia. Cristina había sido la sierva del Señor o una sierva indolente caprichosa adorando sólo con los labios en sus oraciones hipocrita en el fondo del corazón perezosa negligente desobediente falta de perseverancia en sus empresas. Pero ella había conservado a su servicio y ahora aparece al pacto que había aceptado sin comprenderlo bajo la sortija de oro una marca secreta indicaba que era la sierva del Señor de un rey que venía a ella en las manos consagradas del sacerdote para darle la libertad y con ella la salvación. *Lejos del planeta silencioso* C. S. Lewis, 1994-05-20

En la situación anglosajona existe la costumbre de mezclar categorías contrapuestas sagrado y profano racional y metafísico trágico y cómico lógico y absurdo. Esta costumbre ha dado lugar al nacimiento de varias corrientes literarias entre las que se encuentra la popularmente denominada ciencia ficción. C. S. Lewis uno de los más prestigiosos nombres de la cultura anglosajona no fue ajeno a la tradición literaria a la que nos referimos. Sus tres novelas conocidas como Trilogía espacial o Ciclo interplanetario *Perelandra* *Lejos del planeta silencioso* *Esa horrible fuerza* son narraciones en las que la sugerente ciencia ficción se mezcla con una ardiente teología ficción en todas ellas se representan y reavivan los viejos dramas humanos responsabilidad mal culpa y las eternas cuestiones metafísicas. La herencia de Madama Alver Metalli, 2002-10-01

Madama as se la conoce en los alagados de Salvador de Bahía es una mujer alegre y positiva devota y exuberante. Cuando muere se produce un imprevisible chantaje a un alto eclesiástico romano. La historia empieza así a desarrollarse entre las dos orillas del Atlántico con la presencia constante de Madama a través de los recuerdos y las acciones de su hijo Fernando mientras que se describen los sentimientos de Eminencia el otro personaje central de la novela con respecto a su antigua relación con Madama que sale a la luz de manera explosiva y con respecto a su reacción ante el chantaje en el que no se busca dinero como parece al principio sino algo mucho más desconcertante. Allí donde el único ideal es la perfección moral prospera el chantaje está es la idea inspiradora de la novela con la que el autor pretende dejar ver la superioridad de una moralidad humana que nace de la relación amorosa con una Presencia salvadora. Perder y ganar John Henry Newman, 1994-05-11
