Modernism Charles Jencks the authority on Post Modern architecture and culture provides the defining account of Post Modern architecture from its earliest roots in the early 60s to the present day By breaking the narrative into seven distinct chapters which are both chronological and overlapping Jencks charts the ebb and flow of the movement the peaks and troughs of different ideas and themes The book is highly visual As well as providing a chronological account of the movement each chapter also has a special feature on the major works of a given period The first up to date narrative of Post Modern

Architecture other major books on the subject were written 20 years ago An accessible narrative that will appeal to students who are new to the subject as well as those who can remember its heyday in the 70s and 80s Critical Postmodernism in Human Movement, Physical Education, and Sport Juan-Miguel Fernandez-Balboa,1997-10-02 This book proposes alternative ways of looking at human movement and brings into question the traditional role of the human movement profession as an agent of social and cultural reproduction The authors argue that the profession has traditionally shaped physical activities in schools and communities in disempowering ways and has adversely influenced how people view their bodies apply physical activities to their lives and use and understand the knowledge in the field To raise awareness of the possibilities of postmodernism for human movement the contributors employ a critical postmodern conceptualization of the profession to explore the conflicts within it to ask what can be done to strengthen it to investigate how professional relations and meanings can be constructed within a new realm of justice freedom and equity and to discuss the professional and civic principles to which the profession should subscribe **CRITICAL ESSAYS ON POSTMODERNISM** Godfrey O. Ozumba, Patrick J. Mendie, Michael Ukah & Christopher A. Udofia (Edited),2017 The aim of this book is to tell a fuller story of postmodernism as applied to philosophy and a few other related disciplines The book considers postmodernism from different angles Apart from examining the nexus between postmodernism and different branches of philosophy The ideas of leading postmodern thinkers we critically discussed In an age where students find it very difficult to buy relevant books this book is a handy reference material because it covers the very essential areas of postmodernism I must commend the Editors of the book for their editorial astuteness and all the contributors for exhibiting a wonderful and overwhelming enlightenment for philosophy students and students of related disciplines I strongly recommend the book for these and enlightened readers who seek a deeper knowledge of the subject *Postmodernism, Feminism, and Cultural Politics* Henry A. students to become self reflective actors as they transform themselves and the conditions of their social existence Work, Postmodernism and Organization Philip Hancock, Melissa Tyler, 2001-01-22 Work Postmodernism and Organization provides a wide ranging and very accessible introduction to postmodern theory and its relevance for the cultural world of the work organization The book provides a critical review of the debates that have shaped organization theory over the past decade making clear the meaning and significance of postmodern ideas for contemporary organization theory and practice Work Postmodernism and Organization will provide valuable material to advanced undergraduate and postgraduate students of organization theory organizational behaviour industrial sociology and more general business management and sociology courses *Feminism/Postmodernism* Linda Nicholson, 2013-04-15 In this anthology prominent contemporary theorists assess the benefits and dangers of postmodernism for feminist theory The contributors examine the meaning of postmodernism both as a methodological position and a diagnosis of the times They consider such issues as the nature of personal and social identity today the political implications of recent aesthetic trends and the consequences of changing work and family relations on women s lives Contributors Seyla Benhabib Susan Bordo Judith Butler Christine Di Stefano Jane Flax Nancy Fraser Donna Haraway Sandra Harding Nancy Hartsock Andreas Huyssen Linda J Nicholson Elspeth Probyn Anna Yeatman Iris Young
