Critical Ethnography Method Ethics And Performance:

Critical Ethnography D. Soyini Madison, 2011-07-13 The revised Second Edition of Critical Ethnography guides readers through theories methods and ethics of ethnographic research creating a confidence to complete fieldwork while demonstrating analytical and theoretical depth This text highlights the productive links between theory and method and how both become more valuable as they interact through fieldwork Theoretical concepts range from queer theory feminist theory and critical race theory to Marxism and phenomenology The methodological techniques range from designing and asking in depth interview questions and developing rapport to coding and interpreting data The various theories and methods culminate in three fictional ethnographic case studies that guide readers on how to incorporate theoretical concepts with their interpretations and data analysis

Critical Ethnography D. Soyini Madison, 2005 Whilst exploring the ethics of ethnography this book illustrates the relevance of performance ethnography across disciplinary boundaries exploring links between theory method various theoretical concepts a number of methodological techniques

Critical Ethnography. Language, Race/ism and Education Stephen May, Blanca Caldas, 2022-11-22 This book provides a contemporary overview of work in critical ethnography that focuses on language and race ism in education as well as cutting edge examples of recent critical ethnographic studies addressing these issues The studies in this book while centred primarily on the North American context have wide international significance and interdisciplinary reach and address a range of educational contexts across K 12 education and less formal educational settings They explore the racialized construction positioning and experiences of bi multilingual students and the implications of this for educational policy pedagogy and practice The chapters draw on a range of critical theoretical perspectives including CRT LatCrit Indigenous epistemologies and bilingual education they also address significant methodological questions that arise when undertaking critical ethnographic work including the key issues of positionality and critical reflexivity

Moving Blackness Lisa B. Y. Calvente, 2025-01-14 Moving Blackness Black Circulation Racism and Relations of Homespace delves into the intricate connections between communication culture power and racism in relation to blackness Through a blend of interviews oral histories and meticulous archival research this book sheds light on the multifaceted narratives surrounding Black identity It explores how these stories circulate serving as tools of resistance negotiation and affirmation of diverse manifestations and representations of blackness By emphasizing the significance of storytelling as a means through which blackness affirms itself transcending time and space the book underscores how communicative embodiments of Black identity enable individuals to persevere within marginalized contexts Engaging with theories of anti Black racism modernity coloniality and the Black diaspora the book frames storytelling and the circulation of narratives as performances deeply rooted in the everyday lives of Black people across the diaspora Starting with an examination of the racial construction of movement during colonialism and slavery the book traces how this history shapes contemporary interactions With its exploration of how Black circulation transforms movement and space the book

introduces a forward thinking approach to the Black diaspora anchored in a politics of identification rather than being confined to the past or a specific location Moving Blackness argues that the desire for homespace a yearning for belonging that transcends any particular physical space fuels this envisioned future rooted in the historical and material conditions of racism and marginalization *The Routledge Handbook of Architecture, Urban Space and Politics, Volume II* Nikolina Bobic, Farzaneh Haghighi, 2024-11-22 Architecture and the urban are connected to challenges around violence security race and ideology spectacle and data The first volume of this handbook extensively explored these oppressive roles This second volume illustrates that escaping the corporatized and bureaucratized orders of power techno managerial and consumer oriented capitalist economic models is more urgent and necessary than ever before Herein lies the political role of architecture and urban space including the ways through which they can be transformed and alternative political realities constituted The volume explores the methods and spatial practices required to activate the political dimension and the possibility for alternative practices to operate in the existing oppressive systems while not being swallowed by these structures Fostering new political consciousness is explored in terms of the following themes Events and Dissidence Biopolitics Ethics and Desire Climate and Ecology Urban Commons and Social Participation Marginalities and Postcolonialism Volume II embraces engagement across disciplines and offers a wide range of projects and critical analyses across the so called Global North and South This multidisciplinary collection of 36 chapters provides the reader with an extensive resource of case studies and ways of thinking for architecture and urban space to become more emancipatory Chapter 1 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution CC BY 4.0 license **No Matter: Theories and Practices of the Ephemeral in**

Architecture Anastasia Karandinou, 2017-05-15 How do digital media mobile phones GPS iPods portable computers internet virtual realities etc affect the way we perceive inhabit and design space Why do architects traditionally design draw and map the visual as opposed to other types of sensations of space the sound the smell the texture etc Architecture is not only about the solid material elements of space it is also about the invisible immaterial intangible elements of space This book examines the design representation and reception of the ephemeral in architecture It discusses how architects map and examine the spatial qualities that these elements create and questions whether and if so how they take them into account in the designing process Karandinou argues that current interest in the ephemeral in contemporary culture and architecture is related to the evolution of digital media and that it is related to the new ways of thinking about space and everyday situations that new media enables With sound and video recording devices now being embedded in everyday gadgets and mobile phones capturing sounds or ephemeral situations and events has become an everyday habit New animation techniques allow designers to think about space through time as they are able to design dynamic and responsive spaces as well as static spaces explored by someone over time Contemporary video games are no longer based on a simple visual input and a

keyboard they now involve other senses movement and the response of the whole body in space This book therefore argues that the traditional binary opposition between the sensuous and the digital is currently being reversed Subsequently new media can also function as a new tool to think with about space Designers are now able to think through time and design spaces accordingly Time temporality ephemerality become central issues in the designing process The notion first claimed by Marshall McLuhan in the 1960s that the emergence of new di

Betweener Talk Marcelo Diversi, Claudio Moreira, 2016-06-03 In this literary co constructed narrative two Brazilian scholars explore the spaces in between between their own biographies one raised privileged the other poor between the experience of being raised in Brazil and finding acceptance in United States universities between their lives in the academic establishment and their studies of poverty in Latin America between the constraints of apolitical scholarship and the need to promote social justice between contrasting styles of researching theorizing and writing Their dialogue seeks to decolonize the world of American scholarship and promote the use of research toward inclusive social justice
