Critical Issues In Education Dialogues And Dialectics:

Critical Issues in Education Jack L. Nelson, Stuart B. Palonsky, Mary Rose McCarthy, 2020-08-12 Critical Issues in Education examines three questions that are at the core of the education debate in the United States What interests should schools serve What knowledge should schools teach How do we develop the human environment of schools When answering these queries the authors advocate the use of critical thinking which includes dialogue and dialectic reasoning Dynamic and interactive dialogue requires listening and assessment while dialectic stimulates the development of a creative response that encompasses both sides of an issue When applied these approaches engender an informative and stimulating discussion In order to explore the depth of current educational issues the Ninth Edition considers 15 topics providing supporting evidence and reasoning for two divergent views These issues include violence in schools the role of technology gender equity multiculturalism inclusion and disability and school choice Both civic and professional discussions regarding improvements will have consequences for students teachers and society As a result educational views and the social landscape in which they reside deserve critical study Critical Issues in Education Jack L. Nelson, Stuart B. Palonsky, Kenneth Carlson, Mary Rose McCarthy (Ph. D.), 2004 Designed to be used in courses that examine relevant pro and con disputes about schools and schooling By exploring the major opposing viewpoints on the issues this text encourages education students to think critically and develop their own viewpoints It includes research and scholarship discussion suggestions and bibliographic references

Critical Issues in Education Jack L. Nelson, Stuart B. Palonsky, Mary Rose McCarthy, 2017-07-27 Few subjects engender more strongly held beliefs and contrary views than education The outcomes of debates over education and educational reform impact all citizens Media coverage of these controversies is sometimes shallow and one sided fostering the need to develop critical thinking skills These skills in turn open opportunities for personal growth joining the public debate and helping others participate in critical discussions The authors of Critical Issues in Education present two opposing positions for each of sixteen different hot button issues including multiculturalism school finance charter schools teacher evaluation cyberbullying and gender equity Prospective teachers will find the authors approach eye opening and stimulating Ideally they will teach these valuable skills to their students who will prosper academically and personally from understanding and considering diverse viewpoints **Critical Issues in Education: Dialogues and Dialectics** Jack Nelson, Stuart

Palonsky, Mary Rose McCarthy, 2009-02-26 Critical Issues in Education is designed to be used in courses that examine current relevant pro and con disputes about schools and schooling By exploring the major opposing viewpoints on these issues the text encourages education students to think critically and develop their own viewpoints The clear writing and dramatic dialectic approach are conducive to dynamic classroom discussions that help students grasp the many sides of these complex issues Three integrating themes provide a solid framework for examining the eighteen topics covered Each part begins with a chapter length introduction that provides background material and organizing themes for the issues that follow

Each issue is then presented from two divergent viewpoints each one written in advocate language to be as compelling as possible The book s objective in addition to informing the reader about the issues is to develop critical thinking skills within the context of education
