Crossing The Unknown Sea Work As A Pilgrimage Of Identity:

Crossing the Unknown Sea David Whyte, 2002-04-02 Crossing the Unknown Sea is about reuniting the imagination with our day to day lives It shows how poetry and practicality far from being mutually exclusive reinforce each other to give every aspect of our lives meaning and direction For anyone who wants to deepen their connection to their life s work or find out what their life s work is this book can help navigate the way Whyte encourages readers to take risks at work that will enhance their personal growth and shows how burnout can actually be beneficial and used to renew professional interest He asserts that too many people blindly trudge through a mediocre work life because so many busy tasks prevent significant reflection and analysis of job satisfaction People often turn to spiritual practice or religion to nurture their souls but overlook how work can actually be our greatest opportunity for discovery and growth Crossing the Unknown Sea combines poetry gifted storytelling and Whyte s personal experience to reveal work s potential to fulfill us and bring us closer to ultimate freedom and happiness

Crossing the Unknown Sea David Whyte, 2001-11-30 Our greatest opportunity for discovery growth is in the thing we most often want to get away from our work It s where people spend the majority of their time much of it wishing they were somewhere else doing something else And it s where people often spend their time not being present not being themselves This book is about reawakening the sleeping captain in us before that soul crashes on the rocks It takes us on the holiest of pilgrimages to the center of identity the roots of growth Whyte brings a new practicality to finding fulfillment nurturing our deepest identities at work This unique blend of poetry gifted storytelling personal experience is wrapped in Whyte s lyrically inspired powerful prose A life changing work *Crossing the Unknown Sea* David Whyte, 2001 An exploration of work as an opportunity for discovering and nurturing our deepest selves We spend most of our time in the workplace and what holds us back at work is what will hold us back the longest in terms of our personal development A blend of poetry story telling and experience this book is about how we find fulfillment through work The text applies the stages of a pilgrimage to the process of seeking identity through the unknown sea of work *The Lion that Swallowed Hemingway*

Orest Stocco, 2014-07-06 The saddest people in the world are those that have been brought as far as life can take them in the evolution of their individuality because the longing in their soul for wholeness and singleness of self cannot be satisfied by life and one does not know what to do to fill the hollow in their soul and be the person they are destined to be like my high school hero Ernest Hemingway No matter how much life he experienced he never seemed to get enough of it like marlin fishing in the Gulf Stream which so tested his manhood that he had to prove himself over and over and over again and in the process winning trophies and adulation that fed his massive ego which in turn demanded more attention a never ending cycle that drove the great author to despair and suicide *Why Bother?* Orest Stocco, 2012-07-01 In the Gnostic Gospel of Thomas Jesus said Whoever finds the interpretation of these sayings will not taste death In the Parable of the Good Samaritan in Luke s Gospel Jesus gives us the key to breaking the code of his sayings In *Why Bother* The Riddle of the Good Samaritan author

Orest Stocco solves the riddle and gives us the key to interpreting the sayings of Jesus At long last the mystery of Christ s secret teaching of eternal life has been revealed *Emotional Discipline* Charles Manz,2003-03-12 Provides practical strategies that allow readers to gain the power to choose how they feel This book shows how to choose to make the art of emotional discipline a practical personal reality and also focuses on how to create an immensely satisfying fulfilling energized and effective life **The Workplace Revolution** Matthew Gilbert,2005-03-01 From the Enron debacle to the Martha Stewart scandal trust in business practices and in corporate leaders has been seriously jeopardized hitting an all time low According to Matthew Gilbert in his latest book *The Workplace Revolution* the problem stems from a relentless work ethic the tireless pursuit of profit and the conflict between business values and human values Today more than ever people are waking up to the fact that they are not getting back what they give to their employers While they are dedicating an inordinate amount of themselves to their work their jobs offer little to meet their needs for community self expression and service and many have simply abandoned the possibility that self serving profit driven companies can offer more than a paycheck Gilbert assures us that the problem is not hopeless In *The Workplace Revolution* he provides both personal strategies and corporate methodologies for improving overall health in the workplace and restoring trust and goodwill between business leaders and their employees With statistics and commentary from a wide range of sources and examples of companies such as Hewlett Packard that are already balancing economic and human concerns he demonstrates to worker and CEO alike that they can turn the experience of work into a spiritual ideal based life enhancing adventure for all concerned and still meet corporate goals Revolutionary concepts for today s corporations and the health of their employees
