Crossroads Life George S Horton:

Crossroads in Life George Horton, 2015-12-02 One of George S Horton's earliest memories is riding a bus by himself as a three or four year old shipped off by his mother to live with relatives in another state. But he didn't let this difficult beginning permanently cloud his future. Crossroads in Life recounts the author's experiences from childhood to adulthood as he faces the everyday challenges of growing up African American during the early years of desegregation, serves in the Vietnam War and returns home with the added burden of PTSD. Honest and heartfelt, Horton's story illustrates how important it is to face your fears and make wise decisions and offers hope to other victims of PTSD that there is life after trauma. We all encounter crossroads moments with our own particular baggage; the question is which path do we choose to follow. **Hinsonville, a Community at the Crossroads** Marianne H. Russo, Paul Anthony Russo, 2005 Seeking to reconstruct the early community of Hinsonville from fragmentary archival materials and oral interviews, Paul Russo together with his students at Lincoln University gradually unearthed information on Hinsonville's residents and their lives. Marianne Russo has taken her late husband's extensive research and placed it in the context of nineteenth century African American history. Jacket **African Americans at the Crossroads** Clarence Lusane, 1994 Clarence Lusane is one of America's most thoughtful and critical thinkers on issues of race, class and power. African Americans at the Crossroads represents an important contribution to the literature on African American politics and the future of American race relations. I enthusiastically recommend this book to scholars and community activists alike. Manning Marable, author of How Capitalism Underdeveloped Black America. Clarence Lusane uses the 1992 elections as a prism to explore Black community leadership and offers a long term vision of Black empowerment and resistance inside and outside the electoral arena. Crossroads at Clarksdale Françoise N. Hamlin, 2012-05-28 Weaving national narratives from stories of the daily lives and familiar places of local residents, Françoise Hamlin chronicles the slow struggle for black freedom through the history of Clarksdale, Mississippi. Hamlin paints a full picture of the town over fifty years, recognizing the accomplishments of its diverse African American community and strong NAACP branch and examining the extreme brutality of entrenched power there. The Clarksdale story defies triumphant narratives of dramatic change and presents instead a layered, contentious, untidy and often disappointingly unresolved civil rights movement. Following the black freedom struggle in Clarksdale from World War II through the first decade of the twenty-first century allows Hamlin to tell multiple interwoven stories about the town's people, their choices and the extent of political change. She shows how members of civil rights organizations, especially local leaders Vera Pigee and Aaron Henry, worked to challenge Jim Crow through fights against inequality, police brutality, segregation and later economic injustice. With Clarksdale still at a crossroads today, Hamlin explores how to evaluate success when poverty and inequality persist. **Princeton Alumni Weekly**, 1967 *The Path to Paralysis* Donald G. Nieman, 2024-10-15 How did the world's oldest democracy lose its mojo? How did we get to a point where we face existential crises like climate change yet leaders can't

agree that there s a problem let alone develop solutions Political leaders bear some of the responsibility Newt Gingrich Sarah Palin and Donald Trump to name a few have shattered political norms and transformed our politics into a free for all in which personal attacks appeals to bigotry and fear disregard for truth and disdain for governing have become the norm But they are more a symptom than the cause The Path to Paralysis examines changes in political culture during the past 60 years conflict over race religion and gender wrenching economic changes and growing concentration of wealth the end of the Cold War hardening regional divisions and dramatic changes in communications that made Donald Trump possible if not inevitable Long in the making these cross currents came together in the early 21st century as the United States experienced the deepest recession since the 1930s and elected its first Black president to create the perfect storm The result was toxic and deeply polarised politics that threatened the existence of constitutional government

People and Things from the Blount County, Alabama Southern Democrat 1934 - 1938 Robin Sterling,2016-01-06 The Southern Democrat was established by Forney G Stephens at Blountsville in 1894 After fellow newspaperman Lawrence H Mathews of the Blount County News Dispatch died in 1896 Stephens moved the Democrat to Oneonta When the News Dispatch folded in 1903 the Democrat was the preeminent Blount County newspaper Stephens died in 1939 but the Democrat continued to publish in Oneonta for almost 100 years In 1989 the old Southern Democrat was renamed the Blount Countain Microfilm for the old Southern Democrat was acquired from the State Archives in Montgomery and studied page by page Every mention of births marriages deaths obituaries and news important to the history and development of Blount County was reproduced here This book is vital for any serious student of Blount County Alabama genealogy and history

Stories of Scottsboro James Goodman,2013-10-30 From the Pulitzer Prize nominated author of But Where Is the Lamb comes a grippingly narrated work of history and edge of the seat reportage Chicago Tribune that tells the story of a case that marked a watershed in American racial justice To white Southerners it was a heinous and unspeakable crime that flouted a taboo as old as slavery To the Communist Party which mounted the defense the Scottsboro case was an ideal opportunity to unite issues of race and class To jury after jury the idea that nine black men had raped two white women on a train traveling through northern Alabama in 1931 was so self evident that they found the Scottsboro boys guilty even after the U S Supreme Court had twice struck down the verdict and one of the victims had recanted This innovative work tells several stories For out of dozens of period sources Stories of Scottsboro re creates not only what happened at Scottsboro but the dissonant chords it struck in the hearts and minds of an entire nation

An American Family S. Frederick Starr,2023-02-10 An American Family Four Centuries Two Continents By S Frederick Starr This book recounts the history of an American family that was formed in the 1930s by the marriage of seeming opposites from the two sides of the ethnic divide that separated descendants of earlier Anglo Saxon and German settlers from the millions of newcomers from Central Europe and Italy who arrived after 1900 Its immediate geographical focus is the American Midwest the areas surrounding Cleveland and Cincinnati Ohio Its deeper geography

extends to Maryland's Eastern Shore Lancastershire and Cumbria in northern England and Southampton on England's south coast to the Rhineland Palatinate region of Germany to St Petersburg in Russia and to Austria Budapest and the distant eastern lands of Hungary Religiously it embraces Catholics Jews The Church of England Quakers Methodists and Unitarians And with respect to professions it includes farmers home makers preachers artists shop keepers photographers lawyers educators housemaids judges scholars and businessmen Finally this is a book about change One of the families involved changed its religion three times and the other changed its name three times Yet there are also continuities aplenty and most notably in the qualities of seriousness ambition tenacity and commitment to family that prevail throughout **The**
