

A stylized, high-contrast illustration of a detective. The detective is wearing a dark trench coat with a light-colored collar and a dark fedora hat. The background is split into three vertical sections: blue on the left, yellow in the middle, and green on the right. The detective's face is partially obscured by the hat and the high contrast of the illustration.

Cracking The Hard Boiled Detective Cracking The Hard Boiled Detective:

Cracking the Hard-Boiled Detective Lewis D. Moore, 2015-01-24 The hard boiled private detective is among the most recognizable characters in popular fiction since the 1920s a tough product of a violent world in which police forces are inadequate and people with money can choose private help when facing threatening circumstances Though a relatively recent arrival the hard boiled detective has undergone steady development and assumed diverse forms This critical study analyzes the character of the hard boiled detective from literary antecedents through the early 21st century It follows change in the novels through three main periods the Early roughly 1927 1955 during which the character was defined by such writers as Carroll John Daly Dashiell Hammett and Raymond Chandler the Transitional evident by 1964 in the works of John D MacDonald and Michael Collins and continuing to around 1977 via Joseph Hansen Bill Pronzini and others and the Modern since the late 1970s during which such writers as Loren D Estleman Liza Cody Sara Paretsky Sue Grafton and many others have expanded the genre and the detective character Themes such as violence love and sexuality friendship space and place and work are examined throughout the text Instructors considering this book for use in a course may request an examination copy here Murder in a Few Words Charlotte Beyer, 2022-02-22 The clue puzzle legal thriller and classic whodunit are just a few of the subgenres within the widely popular crime fiction genre However despite its popularity among readers the crime short story genre has yet to be fully explored by scholars This book offers a deep dive into crime short stories written by a wide range of authors tracing the history and evolution of the crime short story The book offers an accessible and original examination of crime short stories focusing on compelling themes such as miscarriage of justice feminism environmental crime and toxic masculinity **Connecting Detectives** Lewis D. Moore, 2014-11-19 A literary examination of the influence of 19th century sleuths on the early hard boiled investigators this book explores the importance of works by Edgar Allan Poe Charles Dickens Wilkie Collins and Sir Arthur Conan Doyle to the development of detective series by Carroll John Daly Dashiell Hammett Raymond Chandler Brett Halliday Mickey Spillane Thomas B Dewey John D MacDonald Ross Macdonald Richard S Prather and William Campbell Gault Authors from the transitional 1964 1977 and modern periods 1979 to the present are also discussed to show the ongoing influence of the 19th century detective writers Pistols and Petticoats Erika Janik, 2017-02-28 A lively exploration of the struggles faced by women in law enforcement and mystery fiction for the past 175 years In 1910 Alice Wells took the oath to join the all male Los Angeles Police Department She wore no uniform carried no weapon and kept her badge stuffed in her pocketbook She wasn't the first or only policewoman but she became the movement's most visible voice Police work from its very beginning was considered a male domain far too dangerous and rough for a respectable woman to even contemplate doing much less take on as a profession A policewoman worked outside the home walking dangerous city streets late at night to confront burglars drunks scam artists and prostitutes To solve crimes she observed collected evidence and used reason and logic traits typically associated with men And most

controversially of all she had a purpose separate from her husband children and home Women who donned the badge faced harassment and discrimination It would take more than seventy years for women to enter the force as full fledged officers Yet within the covers of popular fiction women not only wrote mysteries but also created female characters that handily solved crimes Smart independent and courageous these nineteenth and early twentieth century female sleuths including a healthy number created by male writers set the stage for Agatha Christie's Miss Marple Sara Paretsky's V I Warshawski Patricia Cornwell's Kay Scarpetta and Sue Grafton's Kinsey Millhone as well as TV detectives such as Prime Suspect's Jane Tennison and Law and Order's Olivia Benson The authors were not amateurs dabbling in detection but professional writers who helped define the genre and competed with men often to greater success Pistols and Petticoats tells the story of women's very early place in crime fiction and their public crusade to transform policing Whether real or fictional investigating women were nearly always at odds with society Most women refused to let that stop them paving the way to a modern professional life for women on the force and in popular culture

Traces, Codes, and Clues Maureen T. Reddy, 2003 This text explores the ways in which crime fiction manipulates cultural constructions such as race and gender to inscribe dominant cultural discourses It notes that even those writers who set out to revise conventions repeatedly produce some of the genre's most conservative elements

The Cambridge Guide to Women's Writing in English Lorna Sage, 1999-09-30 This Guide aims to consolidate and epitomise the re-reading of women's writing that has gone on in the last twenty five years This is an opportunity for stock taking a timely project when so much writing has been rediscovered reclaimed and republished There are entries on writers on individual texts and on general terms genres and movements all printed in a single alphabetical sequence The earliest written documents in medieval English the visionary writings of Julian of Norwich and Margery Kempe are covered in an historical and geographical sweep that takes us up to the present day The book reflects the spread of literacy the history of colonisation and the development of post colonial cultures using and changing the English language The entries are written by contributors from all the countries covered The result is a work of reference with a unique feeling for the vitality wealth and diversity of women's writing

Contemporary European Crime Fiction Monica Dall'Asta, Jacques Migozzi, Federico Pagello, Andrew Pepper, 2023-04-20 This book represents the first extended consideration of contemporary crime fiction as a European phenomenon Understanding crime fiction in its broadest sense as a transmedia practice and offering unique insights into this practice in specific European countries and as a genuinely transcontinental endeavour this book argues that the distinctiveness of the form can be found in its related historical and political inquiries It asks how the genre's excavation of Europe's history of violence and protest in the twentieth century is informed by contemporary political questions It also considers how the genre's progressive reimagining of new identities forged at the crossroads of ethnicity gender and sexuality is offset by its bleaker assessment of the corrosive effects of entrenched social inequalities political corruption and state violence The result is a rich vibrant collection that shows how crime fiction can help us better

understand the complex relationship between Europe's past, present and future. Seven chapters are available open access under a Creative Commons Attribution 4.0 International License via link.springer.com

Action, Detection and Shane Black Nils Bothmann, 2018-11-11 Nils Bothmann applies antiessentialist genre theory to study the fusion of the action and the detection genre in the hybrid genre of detAction focusing on the work of screenwriter and director Shane Black. After providing antiessentialist definitions of all three genres, the author undertakes close readings of Black's work in order to analyze depictions of race and gender as well as the role of intermediality and genre hybridity in detAction.

The Critical Reception of Sir Arthur Conan Doyle Laurence W. Mazzeno, 2023 Examines both academic and popular assessments of Conan Doyle's work, giving pride of place to the Holmes stories and their adaptations, and also attending to the wide range of his published work. Twenty-first century readers, television viewers, and moviegoers know Arthur Conan Doyle as the creator of Sherlock Holmes, the world's most recognizable fictional detective. Holmes's enduring popularity has kept Conan Doyle in the public eye. However, Holmes has taken on a life of his own, generating a steady stream of critical commentary, while Conan Doyle's other works are slighted or ignored. Yet the Holmes stories make up only a small portion of Conan Doyle's published work, which includes mainstream and historical fiction, history, drama, medical, spiritualist, and political tracts, and even essays on photography. When Doyle published whatever the subject, his contemporaries took note. Yet outside of the fiction featuring Sherlock Holmes, until recently, relatively little has been done to analyze the reception Conan Doyle's work received during his lifetime and since his death. This book examines both academic and popular assessments of Conan Doyle's work, giving pride of place to the Holmes stories and their many adaptations for print, visual, and online media, but attending to his other contributions to turn of the twentieth-century culture as well. The availability of periodicals and newspapers online makes it possible to develop an assessment of Conan Doyle's and Sherlock Holmes's reputation among a wider readership and viewership, thus allowing for development of a broader and more accurate portrait of Doyle's place in literary and cultural history.

Serial Crime Fiction Carolina Miranda, Jean Anderson, Barbara Pezzotti, 2016-02-12 Serial Crime Fiction is the first book to focus explicitly on the complexities of crime fiction seriality. Covering definitions and development of the serial form, implications of the setting and marketing of the series, it studies authors such as Doyle, Sayers, Paretsky, Ellroy, Marklund, Camilleri, Borges across print, film, and television.
