Leonard, C. Richard King, 2010-12-28 *Commodified and Criminalized* examines the centrality of sport to discussions of racial ideologies and racist practices in the 21st century It disputes familiar refrains of racial progress arguing that athletes sit in a contradictory position masked by the logics of new racism and dominant white racial frames Contributors discuss athletes ranging from Tiger Woods and Serena Williams to Freddy Adu and Shani Davis Through dynamic case studies *Commodified and Criminalized* unpacks the conversation between black athletes and colorblind discourse while challenging the assumptions of contemporary sports culture The contributors in this provocative collection push the conversation beyond the playing field and beyond the racial landscape of sports culture to explore the connections between sports representations and a broader history of racialized violence *Sport, Ethics, and Neurophilosophy* Jeffrey Fry, Mike McNamee, 2020-05-21 The growth of neuroscience and the spread of general interest in the brain have prompted concern for ethical issues posed by neuroscientists Despite the growing interest in the brain neuroscience and the profound issues that neuroscience raises up to this point relatively little attention has been given to broadly speaking neurophilosophical reflection on the brain in the context of sport This book seeks to address this gap *Sport* abounds with issues ripe for neurophilosophical treatment Human movement intentionality cognition cooperation and vulnerability to injury directly and indirectly implicate the brain and feature prominently in sport This innovative volume comprises chapters by a team of international scholars who have written on a wide variety of topics at the intersection of sport ethics and neurophilosophy Not only are the issues presented here of pressing philosophical and practical concerns they also represent a new mode of fluid interaction between science and philosophy for the future of sports scholarship This book was originally published as a special issue of the journal *Sport Ethics and Philosophy* *Bobby Orr and Me* Martin Avery, 2008-12-31 Martin Avery reflects on the place of hockey in the Canadian soul Bobby Orr And Me flows from Avery's boyhood games in the Muskoka Parry Sound region in the heart of Canada and it examines the globalization of hockey Part memoir part essay on national identity part hockey history *Hockey Dreams* is a meditation by a Canadian author on the essence of the game that

helps define our nation *Canadian Hockey Literature* Jason Blake,2010-03-06 Hockey occupies a prominent place in the Canadian cultural lexicon as evidenced by the wealth of hockey centred stories and novels published within Canada In this exciting new work Jason Blake takes readers on a thematic journey through Canadian hockey literature examining five common themes nationhood the hockey dream violence national identity and family as they appear in hockey fiction Blake examines the work of such authors as Mordecai Richler David Adams Richards Paul Quarrington and Richard B Wright arguing that a study of contemporary hockey fiction exposes a troubled relationship with the national sport Rather than the storybook happy ending common in sports literature of previous generations Blake finds that today s fiction portrays hockey as an often glorified sport that in fact leads to broken lives and ironic outlooks The first book to focus exclusively on hockey in print *Canadian Hockey Literature* is an accessible work that challenges popular perceptions of a much beloved national pastime *Sport Ethics in Context* Debra Shogan,2007 This thought provoking collection of essays explores what constitutes the ethical domain ethical practice ethics education and ethics all in the context of sport *Sport Ethics in Context* goes beyond the usual focus in sport ethics on responsibilities and explores ethical responsibilities to teammates coaches and others associated with a team As well this collection describes a new sport ethics through which participants might come to question those practices that sport discipline creates The author argues that if sport is to be a vehicle for a better understanding of and appreciation for ethical responses it is necessary to pay attention to just what is at stake in the ethical domain including the components of ethical response and how sport leaders might facilitate ethical responses in a sport environment
