Rhetorical Crossover Cedric Burrows,2020-10-27 In music crossover means that a song has moved beyond its original genre and audience into the general social consciousness *Rhetorical Crossover* uses the same concept to theorize how the black rhetorical presence has moved in mainstream spaces in an era where African Americans were becoming more visible in white culture Cedric Burrows argues that when black rhetoric moves into the dominant culture white audiences appear welcoming to African Americans as long as they present an acceptable form of blackness for white tastes The

predominant culture has always constructed coded narratives on how the black rhetorical presence should appear and behave when in majority spaces In response African Americans developed their own narratives that revise and reinvent mainstream narratives while also reaffirming their humanity Using an interdisciplinary model built from music education film and social movement studies Rhetorical Crossover details the dueling narratives about African Americans that percolate throughout the United States Current Issues and Enduring Questions Sylvan Barnet,1995 The Cumulative Book Index ,1994 A world list of books in the English language **Books in Print** ,1993-09 V 1 Authors A D v 2 Authors E K v 3 Authors L R v 4 S Z v 5 Titles A D v 6 Titles E K v 7 Titles L Q v 8 Titles R Z v 9 Out of print out of stock indefinitely v 10 Publishers

Current Issues and Enduring Questions Fourth Edition Hugo Bedau,1996 Workbook for News Reporting and Writing Brian S. Brooks, Missouri Group, George Kennedy, Daryl R. Moen, Don Ranly, 2010-11-10 It s a tumultuous time in journalism as media forms evolve and new models emerge There are few clear answers but no one is more prepared than The Missouri Group to tackle these issues head on and to teach students the core enduring journalism skills they need to succeed whether they write for the local paper a professional blog cable news or even work in public relations Leadership and the Ethics of Influence Terry L. Price, 2020-03-02 How do leaders influence others Although they sometimes appeal directly to good reasons which we associate with rational persuasion leaders also use guilt pressure flattery bullying and rewards and punishment all to get the behaviors that they want Even when leaders refrain from outright lying they are nevertheless known to practice something approaching perhaps reaching the level of manipulation Influence therefore presents a serious ethical problem across leadership contexts Leadership and the Ethics of Influence argues that influence puts leaders at risk of using people It is generally disrespectful of autonomy to figure out what makes people tick in an effort to handle them In contrast with physical force influence works through agency not around it Despite this feature of influence and to a large extent because of it the everyday influence associated with leadership is often morally troublesome What matters morally is not only whether agency is bypassed or overridden but also who is ultimately in control This book uses philosophy and leadership studies to show how leaders across different contexts can be justified in getting followers to do things Connecting moral theory to leadership theory and especially to charismatic leadership authentic leadership transforming leadership and ethical leadership this book is essential reading for leadership scholars students and practitioners
