

The Complete Guide to Buddhist America

THE MOST COMPREHENSIVE INTRODUCTION
TO BUDDHISM IN AMERICA—WITH DOZENS OF
ARTICLES BY LEADING BUDDHIST TEACHERS,
SCHOLARS, AND STUDENTS AND DETAILED
LISTINGS TO OVER A THOUSAND BUDDHIST
MEDITATION CENTERS IN THE UNITED STATES
AND CANADA

Edited by **Don Morreale**

Foreword by the Dalai Lama

Complete Guide To Buddhist America

Peter W. Williams

Complete Guide To Buddhist America:

The Complete Guide to Buddhist America Don Morreale, 1998 This completely revised and vastly expanded edition of the author's *Buddhist America* Centers Retreats and Practices contains more than twice the number of listings and articles in the original edition The book serves not only as the most comprehensive directory of Buddhist activity in North America but also as a highly readable introduction to Buddhist practice in general *The ^ANew Buddhism* James William

Coleman, 2002-05-16 In our multicultural society faiths formerly seen as exotic have become attractive alternatives for many people seeking more satisfying spiritual lives This is especially true of Buddhism which is the focus of constant media attention thanks at least in part to celebrity converts major motion pictures and the popularity of the Dalai Lama Following this recent trend in the West author James Coleman argues that a new and radically different form of this ancient faith is emerging The New Buddhism sheds new light on this recent evolution of Buddhist practice in the West After briefly recounting the beginnings and spread of Buddhism in the East Coleman chronicles its reinterpretation by key Western teachers in the nineteenth and twentieth centuries ranging from the British poet Sir Edwin Arnold to the Beat writer Alan Watts Turning to the contemporary scene he finds that Western teachers have borrowed liberally from different Buddhist traditions that never intersect in their original contexts Men and women practice together as equals ceremonies and rituals are simpler more direct and not believed to have magical effects Moreover the new Buddhism has made the path of meditation and spiritual awakening available to everyone not just an elite cadre of monks Drawing on interviews with noted teachers and lay practitioners as well as a survey completed by members of seven North American Buddhist centers Coleman depicts the colorful variety of new Buddhists today from dilettantes to devoted students and the dedicated teachers who guide their spiritual progress He also details the problems that have arisen because of some Western influences especially with regard to gender roles sex and power Exploring the appeal of this exotic faith in postmodern society and questioning its future in a global consumer culture The New Buddhism provides a thorough and fascinating guide to Western Buddhism today *Westward Dharma* Charles S. Prebish, Martin Baumann, 2002-12-04 Like seeds on the wind Buddhist teachings continue to reach new lands This outstanding book brings to light in rich detail the current flowering of Buddhism in the West Long a world religion Buddhism is now a global one Kenneth Kraft author of *The Wheel of Engaged Buddhism*

Westward Dharma deserves a place on the growing bookshelf of contemporary Buddhist studies Prebish and Baumann broaden our horizons from North America to the wider Western world exploring key aspects of Buddhism's most recent geographical and cultural expansion Paul David Numrich coauthor of *Buddhists Hindus and Sikhs in America* *America's Religions* Peter W. Williams, 2008 A panoramic introduction to religion in America newly revised and updated [The Oxford Handbook of Global Religions](#) Mark Juergensmeyer, 2011-08-25 This is a reference for understanding world religious societies in their contemporary global diversity Comprising 60 essays the volume focuses on communities rather than beliefs symbols

or rites The contributors are leading scholars of world religions many of whom are also members of the communities they study

America and the Challenges of Religious Diversity Robert Wuthnow, 2011-07-01 Muslims Hindus Buddhists and adherents of other non Western religions have become a significant presence in the United States in recent years Yet many Americans continue to regard the United States as a Christian society How are we adapting to the new diversity Do we casually announce that we respect the faiths of non Christians without understanding much about those faiths Are we willing to do the hard work required to achieve genuine religious pluralism Award winning author Robert Wuthnow tackles these and other difficult questions surrounding religious diversity and does so with his characteristic rigor and style America and the Challenges of Religious Diversity looks not only at how we have adapted to diversity in the past but at the ways rank and file Americans clergy and other community leaders are responding today Drawing from a new national survey and hundreds of in depth qualitative interviews this book is the first systematic effort to assess how well the nation is meeting the current challenges of religious and cultural diversity The results Wuthnow argues are both encouraging and sobering encouraging because most Americans do recognize the right of diverse groups to worship freely but sobering because few Americans have bothered to learn much about religions other than their own or to engage in constructive interreligious dialogue Wuthnow contends that responses to religious diversity are fundamentally deeper than polite discussions about civil liberties and tolerance would suggest Rather he writes religious diversity strikes us at the very core of our personal and national theologies Only by understanding this important dimension of our culture will we be able to move toward a more reflective approach to religious pluralism

Love, R?shi Helen J. Baroni, 2012-10-01 Robert Aitkens correspondence with Buddhist sympathizers and solo practitioners reveals a significant little understood aspect of American Buddhism Love Roshi explores the relationship between Robert Baker Aitken 1917-2010 American Zen teacher and author and his distant correspondents individuals drawn to Zen teachings and practice through books Aitken founder of the Honolulu Diamond Sangha promoted Zen to a wide audience in works such as Taking the Path of Zen and The Mind of Clover Aitkens twentieth century American Zen valued social justice and was compatible with work and family life Helen J Baroni makes use of Aitkens extensive correspondence preserved in an archive at the University of Hawaii to provide a window to view the beliefs and practices of the least studied and a difficult to study segment of the Western Buddhist community Buddhist sympathizers and solo practitioners The book looks at the concerns of these correspondents which included questions on meditation dealing with isolation as a Buddhist finding teachers and disillusion with teachers and being a Buddhist in prison among a myriad of other matters The writers letters reveal much about their notion of Zen and their image of a Zen master Coverage of Aitkens responses provides insight into the accommodation of solo practitioners and into the development of a particular strain of American Buddhism

Developments in Australian Buddhism Michelle Spuler, 2014-04-04 This book examines the adaptation of Buddhism to the Australian sociocultural context To gain insight into this process of cross cultural adaptation

issues arising in the development of Diamond Sangha Zen Buddhist groups one of the largest Zen lineages in the West in Australia are contextualised within the broader framework of the adaptations of Buddhist teachings and practices in other Westernised countries The book also examines the methodological approaches currently used for studying this process and suggests a synthesis of the approaches used for studying convert and ethnic Buddhist groups *Mixed Messages: Materiality, Textuality, Missions* J. Scott, G. Griffiths, 2005-05-05 This collection of essays looks at missions their complicity in European colonialism and their postcolonial aftermath It examines the spread of Christianity ranging over the anthropological textual historical and geographical dimensions of mission enterprises with topics as diverse as the influence of mission printing and record keeping on traditional life in Africa to the role of missions in changing styles of dress in India Also uniquely the collection includes essays analyzing the role of proselytizing in Islam Hinduism and Buddhism as well as American liberal democratic capitalism The volume is interdisciplinary focusing on textual and material aspects of missions Like Griffiths earlier ground breaking books in postcolonial studies and Scott's well known interdisciplinary work on missions and postcolonial literatures this collection will be fascinating to scholars in postcolonial cultural and mission studies and be useful as a teaching tool as well *Mixed Messages* was listed among the 15 best books for 2005 in the Jan 2006 issue of *The International Bulletin of Mission Studies* **Buddhism in Canada** Bruce Matthews, 2006-04-18 This insightful study analyzes the phenomenon of Buddhism in Canada from a regional perspective providing an important examination of the place of Buddhism in a developed western country associated with a traditional Judeo Christian culture but undergoing profound sociological transformation due to large scale immigration and religious cultural pluralism
