Encyclopedia of Literary Translation Into English: A-L O. Classe, 2000

NTC's Dictionary of Japan's Cultural Code

Words Boye De Mente, 1994 For centuries the Japanese used their language as a barrier to prevent non Japanese from learning about the inner workings of Japanese society and to ward off foreign influence In fact for a long period in Japan's history the teaching of Japanese to foreigners was a serious crime against the state In this enlightening work renowned Japanologist Boye Lafayette De Mente discusses how the psychology of the social and political system that evolved over the centuries became imbued in and expressed by the language to a degree seldom seen in other cultures The author brings more than 25 years of experience in Japan to the task of revealing the hidden cultural significance of current expressions in the Japanese language With ample reference to history psychology philosophy and religion the reader learns how the Japanese view certain behaviours and attitudes and why they are conditioned to respond in certain ways to specific situations

Features 230 quintessentially Japanese expressions that every Japanese knows and believes that non Japanese cannot possibly understand a 14 entry set of introductory readings designed to offer a broad cultural overview of Japan cross referencing of entries by thematic groupings such as Loyalty Collective Behaviour and Leadership This innovative text provides readers with the insights necessary for effective communication with their Japanese counterparts Whatever your involvement with Japan personal travel or business NTC's Dictionary of Japan's Cultural Code Words is an invaluable and one of a kind reference
