## **Civic Education And Culture:**

**Civic Education & Culture** Bradley C. S. Watson, 2005 What do we teach our citizens This great Platonic question is as crucial today as it has ever been America and the West come to terms with this question in the context of their richly diverse technologically sophisticated fundamentally individualistic societies Virtually all would agree that such diversity sophistication and freedom are positive political and cultural goods but many would also argue that they militate against the coherence that all regimes and civilizations must in some way demand The nature extent and coherence of civic education are perhaps the greatest determinants of a regime s politics and culture and the regime can in turn do much to foster the right kind of civic education This book presents the insights of renowned scholars and writers including Stephen H Balch Timothy Fuller and Roger Kimball who have thought broadly and deeply about the role that education at all levels plays in promoting maintaining or undermining our politics culture and society

**Aesthetics and Civics** Erich Mistrik, 1996 This book is a reaction to the general neglect of cultural behavior education within civic education It points to the particular problems in the European context of civic education in Slovakia Concentration is on the main ideas of the PHARE project Education for Citizenship and European Studies Key ideas from the Department of Ethic and Civic Education at the Faculty of Education Comenius University in Bratislava Slovakia and ideas about new concepts for civic education and teacher training also are presented here The humanistic ideals of Carl R Rogers and Wolfgang Welsch s postmodern perception of culture both influence this material Chapter 1 discusses the importance of culture priorities of contemporary Slovak culture and the aims of cultural education of citizens In chapter 2 the nature of aesthetics and a non classical version of aesthetic education are explored Chapter 3 looks at the nature of civic education and multiculturalism in civic education Chapter 4 is about teaching aesthetics in civic education The final chapter covers civics teacher training References follow each chapter LAP

Michael Learn, 2024-09-16 Social studies is a field in crisis The crisis stems from failure to establish the very foundation of social studies purpose in public education civic education Social studies advocates have never put forth a coherent method for teaching civic education because policymakers and the public have been unable to agree upon a general definition of civic education This issue has disrupted the field since the early days As educators sought to include civic education within public schools as a dedicated field social studies evolved into a blending of history social sciences and civic education Social studies evolution never resolved the differences between the three with each discipline striving to control the narrative Instead of creating a unified field the disciplines devalued social studies and thus any discipline associated with it *The Rise and Fall of Civic Education* *The Battle for Social Studies in a Shifting Historical Landscape* investigates the changing definitions and purposes ascribed to social studies in the United States through time This result is viewed through the rising tensions from culture wars as America's divisive politics fight to control the narrative of the disciplines within social studies **Cultural**

**Diversity in the Armed Forces** Joseph L. Soeters, Jan Van der Meulen, 2007-01-24 This volume explores ethnicity and gender developments in relation to the military In some countries the armed forces have a long history in responding to ethnic diversity while elsewhere it has come up only recently as a policy issue An even handed representation of ethnic minorities in the military is recognized as crucial for enhancing its social legitimacy and professional quality The same can be said about the integration of women in the military which during a few decades across the board has grown into more than just another issue of personnel policies Indeed with regard to gender the symbolism and sensitivities surrounding core identities are at stake as with the presence of gays and lesbians in the military Written by experts in the field the chapters

cover fourteen countries around the world the USA Canada Bolivia Ecuador Brazil South Africa Eritrea India Israel Great Britain France Germany Belgium and The Netherlands Taken together the armed forces of these countries offer a fascinating mix of similarities and differences in the ways they try to manage cultural diversity Cultural Diversity in the Armed Forces will be of interest to students and scholars of military studies sociology gender and political science
