

CIVIL DISOBEDIENCE

AN AMERICAN TRADITION

Lewis Perry

Civil Disobedience An American Tradition

David P. Fidler

Civil Disobedience An American Tradition:

Civil Disobedience Lewis Perry, 2013-10-22 A masterful exploration of the practice of civil disobedience in America from the nation's earliest days to the present

Civil Disobedience Patrick G. Coy, 1985

A Political Companion to Henry David Thoreau Jack Turner, 2009-07-17 The writings of Henry David Thoreau 1817-1862 have captivated scholars, activists, and ecologists for more than a century. Less attention has been paid, however, to the author's political philosophy and its influence on American public life. Although Thoreau's doctrine of civil disobedience has long since become a touchstone of world history, the greater part of his political legacy has been overlooked. With a resurgence of interest in recent years, *A Political Companion to Henry David Thoreau* is the first volume focused exclusively on Thoreau's ethical and political thought. Jack Turner illuminates the unexamined aspects of Thoreau's political life and writings. Combining both new and classic essays, this book offers a fresh and comprehensive understanding of Thoreau's politics and includes discussions of subjects ranging from his democratic individualism to the political relevance of his intellectual eccentricity. The collection consists of works by sixteen prominent political theorists and includes an extended bibliography on Thoreau's politics. *A Political Companion to Henry David Thoreau* is a landmark reference for anyone seeking a better understanding of Thoreau's complex political philosophy.

The Essential American Tradition Jesse Lee Bennett, 1925

The Oxford Handbook of Transcendentalism Joel Myerson, Sandra Harbert Petrucci, Laura Dassow Walls, 2010-04-16 The Oxford Handbook of Transcendentalism offers an eclectic, comprehensive, interdisciplinary approach to the immense cultural impact of the movement that encompassed literature, art, architecture, science, and politics.

Arendt and America Richard H. King, 2015-10-20 German Jewish political philosopher Hannah Arendt (1906-1975) fled from the Nazis to New York in 1941, and during the next thirty years in America she wrote her best-known and most influential works, such as *The Human Condition*, *The Origins of Totalitarianism*, and *On Revolution*. Yet despite the fact that a substantial portion of her oeuvre was written in America, not Europe, no one has directly considered the influence of America on her thought until now. In *Arendt and America*, historian Richard H. King argues that while all of Arendt's work was haunted by her experience of totalitarianism, it was only in her adopted homeland that she was able to formulate the idea of the modern republic as an alternative to totalitarian rule. Situating Arendt within the context of U.S. intellectual, political, and social history, King reveals how Arendt developed a fascination with the political thought of the Founding Fathers. King also re-creates her intellectual exchanges with American friends and colleagues, such as Dwight Macdonald and Mary McCarthy, and shows how her lively correspondence with sociologist David Riesman helped her understand modern American culture and society. In the last section of *Arendt and America*, King sets out the context in which the Eichmann controversy took place and follows the debate about the banality of evil that has continued ever since. As King shows, Arendt's work, regardless of focus, was shaped by postwar American thought, culture, and politics, including the Civil Rights Movement and the Cold War. For Arendt, the United States was much more than

a refuge from Nazi Germany it was a stimulus to rethink the political ethical and historical traditions of human culture This authoritative combination of intellectual history and biography offers a unique approach for thinking about the influence of America on Arendt s ideas and also the effect of her ideas on American thought Am I Too Old to Save the Planet?

Lawrence MacDonald,2023-10-27 Think you ve waited too long to do something about climate change Think again Am I Too Old to Save the Planet A Boomer s Guide to Climate Action explains how America s most promising generation allowed climate change to become a planetary emergency and what to do about it now A former foreign correspondent and vice president of the World Resources Institute Lawrence MacDonald shares his journey to becoming a passionate climate activist Packed with practical advice his book invites fellow boomers to join the growing global movement to save the planet The Snowden Reader David P. Fidler,2015-04-24 When Edward Snowden began leaking NSA documents in June 2013 his actions sparked impassioned debates about electronic surveillance national security and privacy in the digital age The Snowden Reader looks at Snowden s disclosures and their aftermath Critical analyses by experts discuss the historical political legal and ethical issues raised by the disclosures Over forty key documents related to the case are included with introductory notes explaining their significance documents leaked by Snowden responses from the NSA the Obama administration and Congress statements by foreign leaders their governments and international organizations judicial rulings findings of review committees and Snowden s own statements This book provides a valuable introduction and overview for anyone who wants to go beyond the headlines to understand this historic episode *Defending Constitutional Rights* Frank Minis Johnson,2001

Federal Judge Frank M Johnson of Alabama decided many of the most important civil rights and liberties cases in twentieth century American history During the 1950s and 1960s his decisions supported Martin Luther King Jr and other civil rights fighters in their struggles for justice and equality Johnson extended the Constitutional defense of individual rights for women students prisoners mental health patients poor criminal defendants and voters during his active judicial career in Alabama and the South which lasted until 1991 This collection assembles some of Johnson s most thought provoking and insightful essays many of which explain and defend a number of his decisions Also included in this volume is the first published transcript of a 1980 public television interview with Bill Moyers Meticulously detailed and documented yet accessible to a wide range of readers this book explores the constitutional ideals that Johnson forged and defended as he persistently overcame public officials resistance to constitutional rights and social change **The Bible in American Law and Politics**

John R. Vile,2020-09-19 While scholars increasingly recognize the importance of religion throughout American history The Bible in American Law and Politics is the first reference book to focus on the key role that the Bible has played in American public life In considering revolting from Great Britain Americans contemplated whether this was consistent with scripture Americans subsequently sought to apply Biblical passages to such issues as slavery women s rights national alcoholic prohibition issues of war and peace and the like American presidents continue to take their oath on the Bible Some of

America's greatest speeches for example Lincoln's Second Inaugural and William Jennings Bryan's Cross of Gold speech have been grounded on Biblical texts or analogies. Today Americans continue to cite the Bible for positions as diverse as LGBTQ rights, abortion, immigration, welfare, health care, and other contemporary issues. By providing essays on key speeches, books, documents, legal decisions, and other writings throughout American history that have sought to buttress arguments through citations to Scriptures or to Biblical figures, John Vile provides an indispensable guide for scholars and students in religion, American history, law, and political science to understand how Americans throughout its history have interpreted and applied the Bible to legal and political issues.
