Disappointment River Brian Castner, 2018-03-13 In 1789 Alexander Mackenzie traveled 1200 miles on the immense river in Canada that now bears his name in search of the fabled Northwest Passage that had eluded mariners for hundreds of years In 2016 the acclaimed memoirist Brian Castner retraced Mackenzie's route by canoe in a grueling journey and discovered the Passage he could not find Disappointment River is a dual historical narrative and travel memoir that at once transports readers back to the heroic age of North American exploration and places them in a still rugged but increasingly fragile Arctic wilderness in the process of profound alteration by the dual forces of globalization and climate change

Fourteen years before Lewis and Clark Mackenzie set off to cross the continent of North America with a team of voyageurs and Chipewyan guides to find a trade route to the riches of the East What he found was a river that he named Disappointment Mackenzie died thinking he had failed He was wrong In this book Brian Castner not only retells the story of Mackenzie s epic voyages in vivid prose he personally retraces his travels battling exhaustion exposure mosquitoes white water rapids and the threat of bears He transports readers to a world rarely glimpsed in the media of tar sands thawing permafrost remote indigenous villages and at the end a wide open Arctic Ocean that could become a far northern Mississippi of barges and pipelines and oil money **Canoe Nation** Bruce Erickson,2013-06-15 More than an ancient means of transportation and trade the canoe has come to be a symbol of Canada itself In Canoe Nation Bruce Erickson chronicles the story of the canoe in the Canadian imagination He argues that the canoe s sentimental power has come about through a set of narratives that attempt to legitimize a particular vision of Canada and explores how the canoe went from being an industrial economic vehicle to a purely recreational vessel From Alexander Mackenzie to Grey Owl to Pierre Elliott Trudeau the canoe has been overvalued as a connection to the nature of Canada Examining voyageur re enactments turn of the century sportsman stories and the subsequent greening of the canoe this book shows how this symbol authenticates Canada s reputation as a tolerant environmentalist nation even when there is abundant evidence to the contrary Ultimately the stories we tell about the canoe need to be understood as moments in the ever contested field of cultural politics Paddling Partners Bruce W. Hodgins,Carol Hodgins,2008-01-01 Carol and Bruce Hodgins began leading canoe trips in 1957 in northern Ontario Paddling Partners tells the story of their shared canoe travel over the past 50 years **Reading the River** Myrna Kostash,Duane Burton,2005 Framed within her own view of this great river well known prairie writer Myrna Kostash has combed the available literature to compile this compendium of writings poetry fiction and non fiction from those who spent time reading the river Beginning with Saskatchewan River Crossing at the river s source she takes the reader through 21 communities along the North Saskatchewan from Edmonton to Prince Albert from Shandro Crossing Alberta to The Pas Manitoba Included are the words of people from writers like Hugh McLennan Eli Mandel Aritha van Herk John V Hicks and Tomson Highway to the explorer Alexander Mackenzie 19th Century mountaineer James Monroe Thorington to a Cree legend Reading the River opens with an introduction by Myrna Kostash and a charting of the geological origins of the North Saskatchewan River and closes it with The Future River a commentary in several voices on among other things the river s likely return to a place of prominence in prairie lives not as a transportation route but this time as a source of crucial fresh water Each author has a concise biography setting their remarks in the context of their time and their works What emerges is a portrait of this vital lifeline the terrain and the culture that grew and is growing on its shores to be appreciated by anyone who travels on along or merely to the great river **Polar Region Explorers 2-Book Bundle** Anthony Dalton,2016-02-27 Presenting a special 2 book bundle of Anthony Dalton s outstanding writing on Canada s polar regions

their history and their greatest explorers Dalton does an excellent job a very enjoyable read Bios Newsletter Includes River Rough River Smooth Manitoba s Hayes River runs over 600 km from Norway House to Hudson Bay Traditionally used for transport and hunting by the indigenous Cree it became a major fur trade route from the 17th to 19th centuries This is the account of the author s journey on the Hayes in the company of modern day voyageurs reliving the past Arctic Naturalist J Dewey Soper was the last of the great pioneer naturalists in Canada and spent many years in the Arctic where he discovered the breeding grounds of the blue goose and charted the final unknown region of Baffin Islands coastline
