Comparative and Transnational Dispute Resolution Shahla Ali,2023-02-10 This edited volume presents research and policy insights into the theory and practice of dispute systems reform in diverse jurisdictions It highlights how important extra judicial mechanisms are for resolving cross border disputes as evidenced both by the breadth of scholarship dedicated to the issue and the proliferation of parties resorting to non litigious dispute resolution mechanisms in recent years Drawing on selected case studies the book examines the impact of comparative research and policy analysis in advancing reform of dispute resolution institutions at both the regional and global levels It explores the challenges and opportunities of understanding and assessing developments in systems of dispute resolution in diverse social and political contexts through comparative research With a growing number of disputes which have come to involve cross border issues anyone interested in transnational and comparative dispute resolution will find this book a useful reference Essays on Mediation Ian Macduff,2016-09-16 Across a range of jurisdictions in differing legal systems mediation is achieving evergreater institutional and statutory force and what not long ago was a marginal technique for dispute resolution is becoming mainstream and orthodox But how firm a sense do we have about the social formation we call mediation Through reflections and case histories this distinctive collection of essays by experienced mediators from across the globe provides a clearer understanding than we have had heretofore of what mediation is and what it can offer as a practical accessible and positive alternative in civil justice systems The authors each address ways mediation has been or can be applied to dispute resolution in such pressing contexts as the following enduring and intense conflicts planning and environmental issues conflicts arising between refugee and host communities elder care intercultural settings online communication science based disputes and

public policy disputes The questions raised as to access to justice identifying unmet needs improving the provision of services and fostering an ongoing conversation on mediation go well beyond the confines of commercial dispute resolution and the walls of courtrooms Through the practical experiences described useful and insightful perspectives emerge on the practice principles and legitimacy of mediation These invaluable reports and reflections on the powerful resources that mediation and mediators can bring to the table will be welcomed by a diversity of legal practitioners and jurists as well as academics

Planning in the Face of Conflict John Forester, 2017-11-20 Bikers and hikers Sex workers and social conservatives Agencies and activists The people involved in planning for a site or a community can be like the Hatfields and McCoys And the process brings them together face to face and toe to toe How can planners take conflicted communities from passionate demands to practical solutions Facilitative leadership offers helpful answers Cornell University's John Forester has produced a dozen profiles of planning practitioners known for their successes in helping communities turn contentious conflicts into practical consensus This remarkable book tells their stories in their own words Lisa Beutler shows the way she got California's off highway vehicle users and recreationists on the same track Michael Hughes shares the search for common ground for HIV prevention in Colorado Shirley Solomon recalls how lessons learned in South Africa helped her build trust between Native Americans and county officials in the Pacific Northwest Forester and his panel of experts offer no simplistic formulas but a great deal of practical guidance From mind mapping to the Hawaiian concept of Ho'oponopono making things right readers will come away with a wealth of ideas they can use to move from the heat of confrontation to the light of creative solutions in their communities

Resource and Environmental Management Bruce Mitchell, 2019 In order to optimally manage the environment and natural resources it is vitally important to recognize that there is much more to consider than just the environment itself and the natural resources it provides A key consideration is also the interrelationship between natural ecosystems and human involvement and behavior This interaction is where the field of environmental resource management comes into play the complex ecological and sociological systems of the natural world intertwined The purpose of this book is to consider such matters and to help readers develop their own capacities as environmental managers and stewards Bruce Mitchell's textbook Resource and Environmental Management served as the gold standard for many environmental science courses when the first edition published in 1997 Now twenty years later an updated third edition allows for the inclusion of recent developments The book covers the basic theories and concepts of environmental resource management and guides students to be able to apply those concepts to practical situations By covering basic theories and concepts and by using case studies to show how these have been applied Bruce Mitchell's new edition seeks to ensure that students have competence in both aspects The text enhances the reader's capacity to conduct practice and research in resource and environmental management

Winning Together Bruno Verdini Trejo, 2017-12-15 Strategies for transboundary natural resource management winner of Harvard Law School's Raiffa Award for best research of the year in

negotiation and conflict resolution Transboundary natural resource negotiations often conducted in an atmosphere of entrenched mistrust confrontation and deadlock can go on for decades In this book Bruno Verdini outlines an approach by which government private sector and nongovernmental stakeholders can overcome grievances break the status quo trade across differences and create mutual gains in high stakes water energy and environmental negotiations Verdini examines two landmark negotiations between the United States and Mexico The two cases one involving conflict over shared hydrocarbon reservoirs in the Gulf of Mexico and the other involving disputes over the shared waters of the Colorado River resulted in groundbreaking agreements in 2012 after decades of deadlock Drawing on his extensive interviews with more than seventy high ranking negotiators in the United States and Mexico from presidents and ambassadors to general managers technical experts and nongovernmental advocates Verdini offers detailed accounts from multiple points of view on both sides of the border He unpacks the negotiation leadership collaborative decision making and political communication strategies that made agreement possible Building upon the theoretical and empirical findings Verdini offers advice for practitioners on effective negotiation and dispute resolution strategies that avoid the presumption that there are not enough resources to go around and that one side must win and the other must inevitably lose This investigation is the winner of Harvard Law School's Howard Raiffa Award for best research of the year in negotiation mediation decision making and dispute resolution
