Civic Virtues Rights Citizenship And Republican Liberalism Oxford Political Theory:

Civic Virtues Richard Dagger, 2023 Dagger argues for a republican liberalism that while celebrating the liberal heritage of autonomy and rights solidly places these within social relations and obligations which while ubiquitous are often obscured and forgotten

Encyclopedia of Political Theory Mark Bevir, 2010-03-18 Looking at the roots of contemporary political theory this three volume set examines the global landscape of all the key theories and the theorists behind them and provides concise to the point definitions of key concepts ideas schools and figures

Republicanism and Political Theory Cecile Laborde, John Maynor, 2009-02-04 Republicanism and Political Theory is the first book to offer a comprehensive and critical survey of republican political theory Critically assesses its historical credentials conceptual coherence and normative proposals Brings together original contributions from leading international scholars in an interactive way Provides the reader with valuable insight into new debates taking place in republican political theory

Civic Virtue and the Sovereignty of Evil Derek Edyvane, 2013 The last decade has witnessed a growing perception of ethical crisis in public life Circumstances of political uncertainty fueled by the rise of international terror and global financial crisis have placed the practice of civic virtue under severe strain Our turbulent times have prompted many people to think less about the good life and the good society and more about their basic needs for safety and reassurance Consequently while prominent public commentators call for the reassertion of civic virtue in the public square it is very hard to see what basis there can be for its practice in present conditions This book articulates a new perspective on public morality in uncertain times by defending a radical re orientation of civic ethics away from the pursuit of the good society and toward the prevention of the great evils of human life Edyvane makes the following central innovations Uses the resources of philosophy to help us think about vital social political and spiritual questions that have dominated the public conversation of liberal democracies since 9 11 Offers a new perspective on key scholarly debates about civic virtue in a way that provokes disquieting questions about the character of religious diversity and conflict and the nature of foundations of public morality Develops and deploys a novel intellectual approach by drawing on the insights of art and literature to inform and enrich philosophical enquiry

The Self, Civic Virtue, and Public Life Nancy E. Snow, 2024-02-01 This volume showcases new and interesting ways in which the possession of civic virtues can contribute to people's abilities to engage in public life in meaningful ways What is the role of civic virtues in public life How does possessing civic virtues affect persons and their capacities for participation in the public order The chapters in this volume combine philosophical and empirically informed work to show how civic virtues can be informed by larger virtue ethical perspectives The first two chapters discuss virtues of individuals that have not received significant empirical attention authenticity and wisdom and psychological resilience The next two chapters address education and the ways in which civic virtues can help us to better serve schoolchildren who are socially and economically disadvantaged as well as to broaden students horizons with respect to character and sustainability education The final four chapters explore the roles for virtues

within various political and public realms They offer perspectives on how virtues affect contentious politics in democratic societies and study virtues in contexts in which democracy has been stifled or torn apart by war Together the chapters highlight the ever widening impact of the virtues on our lives and in society The Self Civic Virtue and Public Life will be of interest to scholars and graduate students working in ethics political philosophy psychology and philosophy of education The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 International license

The Formation of Turkish Republicanism Banu Turnaoğlu, 2020-10-13 Turkish republicanism is commonly thought to have originated with Mustafa Kemal Atatürk and the founding of modern Turkey in 1923 and understood exclusively in terms of Kemalist ideals characterized by the principles of secularism nationalism statism and populism Banu Turnaoğlu challenges this view showing how Turkish republicanism represents the outcome of centuries of intellectual dispute in Turkey over Islamic and liberal conceptions of republicanism culminating in the victory of Kemalism in the republic's formative period Drawing on a wealth of rare archival material Turnaoğlu presents the first complete history of republican thinking in Turkey from the birth of the Ottoman state to the founding of the modern republic She shows how the Kemalists wrote Turkish history from their own perspective presenting their own version of republicanism as inevitable while disregarding the contributions of competing visions Turnaoğlu demonstrates how republicanism has roots outside the Western political experience broadening our understanding of intellectual history She reveals how the current crises in Turkish politics including the Kurdish Question democratic instability the rise of radical Islam and right wing Turkish nationalism arise from intellectual tensions left unresolved by Kemalist ideology A breathtaking work of scholarship *The Formation of Turkish Republicanism* offers a strikingly new narrative of the evolution and shaping of modern Turkey

After the Anthropocene Anne Fremaux, 2019-03-25 The environmental crisis is the most prominent challenge humanity has ever had to battle with and humanity is currently failing The Anthropocene or so called age of humans is indeed a period when the survival of humanity has never been so much at risk This book locates itself in the field of critical green political theory Fremaux's analysis of the current environmental crisis calls for us to embrace radical shifts in our modes of being or in other words socially progressive innovations that will be described within the unique framework of Green Republicanism In offering a constructive and emancipatory delineation of what could be considered an ecological civilization that is respectful of its natural environment and social differences this book describes how to shift from an arrogant speciesism and materialistic lifestyle to a post anthropocentric ecological humanism focusing on the good life within ecological limits This new political regime calls for a radical reinvention of our societies a decentering of the humans within our metaphysical worldview and a withdrawal of the capitalist technosphere at the benefit of the biosphere It will require a new economic paradigm that replaces the unsustainable capitalist logic of growth by sustainable degrowth and steady economics Rooted in ethical

thinking and political philosophy this book seeks to offer a concrete roadmap of how sustainable societies can be fostered

Environmental Policy and Household Behaviour Patrik Soderholm, 2013-07-04 Our behaviour in our own homes our recycling habits consumer choices and transport preferences all have a huge impact on the environment locally and globally Governments across the world are trying to formulate and implement policies to encourage and enforce more sustainable household actions Yet so often these policies fail to have the desired effects because of a lack of understanding of the complex interplay of policy and individual behaviour This book examines this interplay looking at the role of values attitudes and constraints in the links between policy and changing behaviour at the household level The first part of the book explores the theoretical background looking at the politics of lifestyles and lifestyle change policy legitimacy and barriers and facilitators for pro environmental behaviour The second part is made up of in depth case studies from Sweden one of the fore running countries in this area examining three main types of household behaviour waste and recycling consumption and labelling and transportation choices Within these case studies the contributors examine what policy initiatives have and haven t worked and the role of values and constraints in those processes This is the first inter disciplinary in depth look at how environmental policy enters the private domestic sphere The theoretical insights and policy guidance the book offers will be vital in the drive to generate behaviour change at the household level and the move towards sustainable societies

Citizenship Acquisition and National Belonging G. Calder, P. Cole, J. Seglow, 2009-11-12 What does it take to become a citizen of a particular nation Is it justified to restrict membership of a society and if so on what grounds This book explores a series of pressing controversial issues surrounding the acquisition of citizenship in theory and practice

Encyclopedia of Citizenship Studies Marisol García Cabeza, Thomas Faist, 2024-04-12 This Encyclopedia presents a comprehensive collection of entries addressing the normative claims and definitions of the critical concepts principles and approaches that make up the field of citizenship studies
