Dark Times Dire Decisions Jews And Communism:

Dark Times, Dire Decisions Jonathan Frankel, 2005-05-19 The newest volume of the annual Studies in Contemporary Jewry series features essays on the varied and often controversial ways Communism and Jewish history interacted during the 20th century The volume s contents examine the relationship between Jews and the Communist movement in Poland Russia America Britain France the Islamic world and Germany Antisemitism and the American Far Left Stephen H. Norwood, 2013-08-19 Stephen H Norwood has written the first systematic study of the American far left s role in both propagating and combating antisemitism This book covers Communists from 1920 onward Trotskyists the New Left and its black nationalist allies and the contemporary remnants of the New Left Professor Norwood analyzes the deficiencies of the American far left s explanations of Nazism and the Holocaust He explores far left approaches to militant Islam from condemnation of its fierce antisemitism in the 1930s to recent apologies for jihad Norwood discusses the far left s use of long standing theological and economic antisemitic stereotypes that the far right also embraced The study analyzes the far left s antipathy to Jewish culture as well as its occasional efforts to promote it He considers how early Marxist and Bolshevik paradigms continued to shape American far left views of Jewish identity Zionism Israel and antisemitism *Jews and the Left* P. Mendes, 2014-05-20 The historical involvement of Jews in the political Left is well known but far less attention has been paid to the political and ideological factors which attracted Jews to the Left After the Holocaust and the creation of Israel many lost their faith in universalistic solutions yet lingering links between Jews and the Left continue to exist

Jewish Radicalisms Frank Jacob, Sebastian Kunze, 2019-12-16 Jewish radical thoughts and actions can be described in a variety of terms and dimensions Often there is a connection implied between left wing ideas and activists as well as their radicalism This volume surveys Jewish radicalisms and present different approaches on this global historical phenomenon which are conceptualised as three different phenomena Cultural political and religious radicalism The volume is focussed on the 20th century and tries to grasp the manifold Ideas of Jewish radicalism and thereby wants to open up the discussion on this category This discussion is needed not only within Jewish Studies to engage with this topic and broaden our understanding of Jewish Radicalism as well as to form a useful applicable category This volume is to be understood as a call for and a contribution to this debate **British Jewry, Zionism, and the Jewish State, 1936-1956** Stephan Wendehorst, 2012 Stephan E C Wendehorst explores the relationship between British Jewry and Zionism from 1936 to 1956 a crucial period in modern Jewish history encompassing both the shoah and the establishment of the State of Israel He attempts to provide an answer to what at first sight appears to be a contradiction the undoubted prominence of Zionism among British Jews on the one hand and its diverse expressions ranging from aliyah to making a donation to a Zionist fund on the other Wendehorst argues that the ascendancy of Zionism in British Jewry is best understood as a particularly complex but not untypical variant of the 19th and 20th century s trend to re imagine communities in a national key He examines the

relationship between British Jewry and Zionism on three levels the transnational Jewish sphere of interaction the British Jewish community and the place of the Jewish community in British state and society The introduction adapts theories of nationalism so as to provide a framework of analysis for Diaspora Zionism Chapter one addresses the question of why British Jews became Zionists chapter two how the various quarters of British Jewry related to the Zionist project in the Middle East chapter three Zionist nation building in Britain and chapter four the impact of Zionism on Jewish relations with the larger society The conclusion modifies the original argument by emphasising the impact that the specific fabric of British state and society in particular the Empire had on British Zionism *Our Courage - Jews in Europe 1945-48* Kata Bohus,Atina

Grossmann,Werner Hanak,Mirjam Wenzel,2020-09-23 After the Shoah Jewish survivors actively took control of their destiny Despite catastrophic and hostile circumstances they built networks and communities fought for justice and documented Nazi crimes The essays illustrations and portraits of people and places contained in this volume are informed by a pan European perspective The book accompanies the first special exhibition at the re opened Jewish Museum in Frankfurt German edition

A Twentieth-Century Crusade Giuliana Chamedes,2019-06-17 Giuliana Chamedes offers the first comprehensive history of the Vatican s efforts to defeat the forces of secular liberalism and communism through international law cultural diplomacy and a marriage of convenience with authoritarian and right wing rulers **Fragile Images** Mirjam

Rajner,2019-09-16 In *Fragile Images* Jews and Art in Yugoslavia 1918 1945 Mirjam Rajner traces the lives and creativity of seven artists of Jewish origin The artists Mo a Pijade Daniel Kabiljo Adolf Weiller Bora Baruh Daniel Ozmo Ivan Rein and Johanna Lutzer were characterized by multiple and changeable identities nationalist and universalist Zionist and Sephardic communist and cosmopolitan These fluctuating identities found expression in their art as did their wartime fate as refugees camp inmates partisans and survivors A wealth of newly discovered images diaries and letters highlight this little known aspect of Jewish life and art in Yugoslavia illuminating a turbulent era that included integration into a newly founded country the catastrophe of the Holocaust and renewal in its aftermath interview with the author *The Lions' Den* Susie

Linfield,2019-03-26 A lively intellectual history that explores how prominent midcentury public intellectuals approached Zionism and then the State of Israel itself and its conflicts with the Arab world In this lively intellectual history of the political Left cultural critic Susie Linfield investigates how eight prominent twentieth century intellectuals struggled with the philosophy of Zionism and then with Israel and its conflicts with the Arab world Constructed as a series of interrelated portraits that combine the personal and the political the book includes philosophers historians journalists and activists such as Hannah Arendt Arthur Koestler I F Stone and Noam Chomsky In their engagement with Zionism these influential thinkers also wrestled with the twentieth century s most crucial political dilemmas socialism nationalism democracy colonialism terrorism and anti Semitism In other words in probing Zionism they confronted the very nature of modernity and the often catastrophic histories of our time By examining these leftist intellectuals Linfield also seeks to understand how the

contemporary Left has become focused on anti Zionism and how Israel itself has moved rightward **Radical Assimilation in the Face of the Holocaust** Tom Navon, 2024-01-01 This book explores the confrontation of radically assimilated Jews with the violent collapse of their envisioned integration into a cosmopolitan European society which culminated during the Holocaust This confrontation is examined through the biography of the German speaking intellectual and prominent communist theoretician of the Jewish question Otto Heller 1897 1945 focusing on the tension between his Jewish origins and his universalistic political convictions Radical Assimilation in the Face of the Holocaust traces the development of Heller s position on the Jewish question in three phases how he grew up to become a typical Central European non Jewish Jew 1897 1931 how he became exceptional in that category by focusing his intellectual work on the Jewish question 1931 1939 and how he reacted to the persecution and murder of European Jewry as a member of the Resistance in occupied France and in Auschwitz 1939 1945 Breaking with the common portrayal of Heller as a self hating Jew Tom Navon argues instead that Heller came to lay the foundations for the groundbreaking recognition by communists of worldwide Jewish national solidarity
