Shirley Chisholm Anastasia C. Curwood, 2022-12-06 Shaking up New York and national politics by becoming the first African American congresswoman and later the first Black major party presidential candidate Shirley Chisholm left an indelible mark as an unbought and unbossed firebrand and a leader in politics for meaningful change Chisholm spent her formative years moving between Barbados and Brooklyn and the development of her political orientation did not follow the standard narratives of the civil rights or feminist establishments Rather Chisholm arrived at her Black feminism on her own path making signature contributions to U S politics as an inventor and practitioner of Black feminist power the vantage point centering Black girls and women in the movement that sought to transform political power into a broadly democratic force Anastasia C Curwood interweaves Chisholm s public image political commitments and private experiences to create a definitive account of a consequential life In so doing Curwood suggests new truths for understanding the social movements of Chisholm s time and the opportunities she forged for herself through multicultural multigenerational

and cross gender coalition building An Intellectual History of the Caribbean S. Torres-Saillant, 2006-01-08 This is first intellectual history of the Caribbean written by a top Caribbean studies scholar The book examines both the work of natives of the region as well as texts interpretive of the region produced by Western authors Stressing the experimental and cultural particularity of the Caribbean the study considers major questions in the field **Islands in the City** Nancy Foner, 2001-08-15 These superb essays illuminate the fascinating process of absorbing West Indian immigrants into New York City's multicultural but racially divided social fabric They explore how gender transnational networks class economic restructuring and above all racial stereotyping have affected these black immigrants as they struggle for a better life and how their struggles have in turn influenced the contours of the larger society The result is a model of multi disciplinary analysis John Mollenkopf co author of Place Matters A Metropolitics for the 21st Century Islands in the City is a comprehensive collection of the recent findings of the foremost scholars in this field The premier researchers on West Indians in New York City discuss migration from historical statistical theoretical and experiential points of view This volume will be used as a model for understanding migration in other areas and it will have importance beyond its field Wallace Zane author of Journeys to the Spiritual Lands The Natural History of a West Indian Religion Nancy Foner has pulled together excellent essays by the leading scholars of the emerging study of West Indians in the United States Islands in the City is a welcome book because of its informative essays on gender occupation and culture to name but a few David Reimers co author of All the Nations Under Heaven An Ethnic and Racial History of New York City West Indians sit right at the center of the crucial divides of race class nationality nativity gender generation and identity The insights of this book teach us much of what we need to know about our changing nation Jennifer Hochschild author of Facing Up to the American Dream Race Class and the Soul of the Nation New Caribbean Thought Brian Meeks, Folke Lindahl, 2001 The dawn of the twenty first century is an opportune time for the people of the Caribbean to take stock of the entire experience of the past forty years since the ending of direct colonialism The authors believe it is now time to chart our future by carefully learning the lessons of the recent past This interdisciplinary collection is the first to cross traditionally restrictive disciplinary barriers to address the tough questions that face the Caribbean today What went wrong with the nationalist project What if any are the realistic options for a more prosperous Caribbean What are to be the roles of race gender and class in a more global less national world Meeks and Lindahl include thought provoking articles from twenty one respected thinkers in diverse fields of study The groundbreaking articles include critiques of existing bodies of thought reformulations of general theoretical approaches policy oriented alternatives for future development and more This book is a must for statesmen academics and students of political theory social theory Caribbean studies comparative gender studies post colonial studies Marxism and Caribbean history and anyone interested **Architecture against Democracy** Reinhold Martin, Claire Zimmerman, 2024-04-30 Examining architecture's foundational role in the repression of democracy Reinhold Martin and Claire Zimmerman bring

together essays from an array of scholars exploring the troubled relationship between architecture and antidemocratic politics. Comprising detailed case studies throughout the world spanning from the early nineteenth century to the present, *Architecture against Democracy* analyzes crucial occasions when the built environment has been harnessed as an instrument of authoritarian power. Alongside chapters focusing on paradigmatic episodes from twentieth-century German and Italian fascism, the contributors examine historic and contemporary events and subjects that are organized thematically, including the founding of the Smithsonian Institution, Ellis Island infrastructure, the aftermath of the Paris Commune, Cold War West Germany, and Iraq. Frank Lloyd Wright's domestic architecture and Istanbul's Taksim Square. Through the range and depth of these accounts, *Architecture against Democracy* presents a selective overview of antidemocratic processes as they unfold in the built environment throughout Western modernity, offering an architectural history of the recent nationalist international. As new forms of nationalism and authoritarian rule proliferate across the globe, this timely collection offers fresh understandings of the role of architecture in the opposition to democracy.

T&T Clark Handbook of African American Theology, 2019-07-25. This handbook explores the central theme of Christian faith from various disciplinary approaches and different contexts of black experience in the United States. The central unifying theme is freedom, an important concept both in American culture and Christianity. African American theology represents a Christian understanding of God's freedom and the good news of God's call for all humankind to enter life, true human identity, and moral responsibility in genuine and just community. Contributors to the volume argue that African American theology highlights how racism and other intersecting forms of oppression complicate the human predicament and that their eradication requires an expansion of salvation to include the liberation of persons who lack full participation in society and enjoyment of the good and goods made possible by that society. The essays in this handbook employ the tools of biblical criticism, history, cultural and social analysis, religious studies, philosophy, and systematic theology in order to explore and assess the nature and impact of race, ethnicity, gender, sexuality, class, immigration, and cultural and moral pluralism in America, as well as the intersections between African American and African diasporan religious thought and life.

Caribbean New York, Philip Kasinitz, 1992. Since 1965, West Indians have been emigrating to the United States in record numbers, and to New York City in particular. *Caribbean New York* shows how the new immigration is reshaping American race relations and sheds much needed light on factors that underlie some of the city's explosive racial confrontations. Philip Kasinitz examines how two forces, racial solidarity and ethnic distinctiveness, have helped to shape the identity of New York's West Indian community. He compares new post-1965

immigrants with West Indians who arrived earlier in the century and looks in detail at the economic political and cultural rules that Afro Caribbean immigrants have played in the city during each period
