

Continuous Problem – City of Monroe

Instructions: Examination of Accounting for Governmental and Non-profit Financial Organizations Part 1 of 2 (40000)

Chapters 2 through 8 describe accounting and financial reporting for state and local governments. A performance problem is presented to provide an overview of the reporting process, including preparation of fund-based and government-wide statements. The problem assumes the government is using fund accounting for its internal financial reporting and then it uses and makes necessary adjustments to prepare the government-wide statements. The problem that follows is provided in the same order as the textbook (consequently, Chapters 9 and 10).

Each chapter requires the preparation of journal entries to record the events and transactions of governmental operations, or fiduciary funds. For the General Fund, you cannot allocate for the budgetary accounts, revenues, expenditures and encumbrances. For all other funds, use separate accounts for each type of revenue and expenditure/expense. An appropriate usage, preparation of the fund and government-wide statements are required. The following funds are included in this series of problems.

Governmental Funds

- o General
- o Special revenue – Street and Highway Fund
- o Capital projects – City Hall Annex Construction Fund
- o Debt service – City Hall Annex Debt Interest Fund
- o Debt service – City Hall Debt Interest Fund

Proprietary Funds

- o Internal service – Street and Highway Fund
- o Enterprise – Gas and Sewer Fund

Trusts Funds

- o Private pension – Student Scholarship Fund
- o Pension fund – Fire and Police Retirement Fund

Chapters 9-10 - 4

The Balance Sheet of the General Fund and the Street and Highway Fund of the City of Monroe as of December 31, 2014, follows. These beginning balances have been entered in the proper general ledger accounts, as of 1/1/2015.

Ebook: Essentials of Accounting for Governmental and Not-for-Profit Organizations Paul Copley, 2014-10-16

Copley's *Essentials of Accounting for Governmental and Not for Profit Organizations 12e* is best suited for those professors whose objective is to provide more concise coverage than what is available in larger texts. The main focus of this text is on the preparation of external financial statements which is a challenge for governmental reporting. The approach in this edition is similar to that used in practice. Specifically, day to day events are recorded at the fund level using the basis of accounting for fund financial statements. Governmental activities are recorded using the modified accrual basis. The fund basis statements are then used as input in the preparation of government wide statements. The preparation of government wide statements is presented in an Excel worksheet. *Reauthorization of the Community Services Block Grant Program* United States.
