Crossing Over The Stories Behind The Stories:

Crossing Over John Edward, 2010-09-07 John Edward takes his fans with him on the extraordinary journey that has been his life. In the style of his TV show and personal appearances poignant, funny and remarkably candid, John Edward deals head on with the controversial issues he has confronted on his voyage as a psychic medium. On his way to success and fame, John had to learn his own lessons about the meaning of his work, the motivations of some of the people he encountered and the spirits who accompanied them. Through his very personal stories, John has brought peace and insight to those grieving for their loved ones, but what makes Edward's memoir unique is how readily he exposes his own vanities and ego bruising. In addition, he provides a behind-the-scenes look at being a television medium, offering an amusing and at times disturbing look at how the ethereal world clashes with the celebrity world. John Edward's wit, warmth and passion will captivate readers just as it has riveted the millions who view his landmark program.

The Afterlife Experiments Gary E. Schwartz, William L. Simon, 2002-03-13 An esteemed scientist's personal journey from skepticism to wonder and awe provides astonishing answers to a timeless question: Is there life after death? Are love and life eternal? This exciting account presents provocative evidence that could upset everything that science has ever taught. Daring to risk his worldwide academic reputation, Dr. Gary E. Schwartz, along with his research partner Dr. Linda Russek, asked some of the most prominent mediums in America, including John Edward, Suzane Northrup and George Anderson, to become part of a series of extraordinary experiments to prove or disprove the existence of an afterlife. **THE AFTERLIFE EXPERIMENTS** This riveting narrative, with its electrifying transcripts, puts the reader on the scene of a breakthrough scientific achievement: contact with the beyond under controlled laboratory conditions. In stringently monitored experiments, leading mediums attempted to contact dead friends and relatives of sitters who were masked from view and never spoke, depriving the mediums of any cues. The messages that came through stunned sitters and researchers alike. Here, as they unfolded in the laboratory setting, are uncanny revelations about a son's suicide, what a deceased father wanted to say about his last days in a coma, the transformation of a man's lifelong doubts about the afterlife, and most amazing of all, a forecast of a beloved spouse's death. Dr. Schwartz was forced by the overwhelmingly positive data to abandon his skepticism, reaching some startling conclusions. Compelling from the first page to the last, **The Afterlife Experiments** is the amazing documentation of groundbreaking experiments you will never forget.
