Daily Offerings Leon Bloder, 2021-10-05 The way I see it you have a couple of choices when it comes to the life you ve been given You can decide to embrace every moment and live it to the fullest or not It s kind of that simple God knows I ve spent my fair share of days not really living life for a living Those days are easily forgotten and they all seem to run together The days that are memorable are the ones spent doing eternal things laughing loving serving worshipping restoring resurrecting feasting celebrating and giving And even the days we spend weeping repenting praying and fasting are full of life and are holy in their own right

Chronometres thus takes up print culture affect theory and the religious turn in literary studies in order to explore the intersections between devotional practice and the condition of modernity. It argues that what defines Victorian devotional literature is the experience of its time signatures: those structures of feeling associated with its reading durations. For many Victorians, reading devotionally increasingly meant reading in regular portions and often according to the calendar and work day in contrast to the liturgical year. Keeping pace with the temporal measures of modernity, devotion became a routinized practice, a way of synchronizing the interior life of spirit with the exigencies of clock time. Chronometres considers how the deliverances afforded through time-scaled reading are persistently materialised in the body, both that of the book and of the reader. Recognizing that literature and devotion are not timeless abstractions, it asks how the materiality of books conceived as horological relationships through reading might bring about the felt experience of time. Even as Victorian devotion invites us to tarry over the page, it also prompts the question: what if it is eternity that keeps time with the clock?
