With Editorial Prefaces, Notes, and Life of Bunyan. By George Offor ... Numerous Illustrative Engravings* John Bunyan, 1862 *Thinking through the Death of God* Lissa McCullough, Brian Schroeder, 2012-02-01 The leading exponent of the death of God theology of the 1960s Thomas J J Altizer created a media sensation at the time and defined a major new direction in philosophical theology Altizer has continued to refine his thought throughout his career and his systematic theological work has achieved its prime as shown in this collaborative critical response to his thought This book is also the first collection of its kind to appear in nearly thirty years and thus the first to deal with the most sophisticated period of his work A response from Altizer is included along with a comprehensive bibliography of his work *The Cracking Tower* Jim DeKorne, 2010-05-18 End of the world paranoia has been with us since time immemorial Now with the end of the legendary Mayan long count calendar looming on December 21 2012 and recent threats of a worldwide economic collapse triggering widespread apprehension and a search for answers The Cracking Tower offers an arsenal of strategies to turn these fears into an opportunity for spiritual and personal growth Beginning with a lively memoir of the author's experiences in the 60s the book goes on to explore apocalyptic thinking through perennial philosophy shamanism gnostic mysticism the body as a vessel of consciousness and death as an extended out of body experience and psychedelics Shaping the discussion is the fascinating metaphor of the cracking tower an apparatus for distilling gasoline as a vehicle for distilling our awareness Rather than speculating on what might occur in 2012 DeKorne proposes vigilance of a more introspective sort The important thing he says is to ignore the finger and strive to comprehend the moon to see what our apocalyptic tendencies reveal about ourselves *Devotional Commentary on the Gospel Narrative, Vol. 1 of 8 (Classic Reprint)* Isaac Williams, 1880 Excerpt from Devotional Commentary on the Gospel Narrative Vol 1 of 8 Indistinct surmises of some one rising from the dead and of that Prophet to be raised up from among their brethren of whom Moses had spoken instead of the Voice from Mount Sinai which they entreated to hear no more And the words with which the Inspired Writings had closed were remarkable both from their distinct declaration and for the very mysterious manner in which alone it could be fulfilled As the silence of night came on and the light of prophecy was going down it spoke of the rising of the Sun of Righteousness with healing in His wings and yet not so for all men but for

them shall He arise that fear My name To this it is added Behold I send you Elijah the Prophet before the coming of the great and About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Net of Nemesis August J. Nigro, 2000 The Net of Nemesis examines the trope of tragic bond age in which humanity is the beneficiary of bonds that nurture and unite and the victim of bondage that confines and restrains Manifestations of the trope in Greek and Shakespearean tragedy Miltonic epic and nineteenth and twentieth century fiction repeat and vary the trope s central symbol of the net and other related leitmotifs and demonstrate that such orchestration resolves the conflict between bonds and bond age and informs the catharsis and transcendence essential to tragedy
