The Impact of the United Nations Human Rights Treaties on the Domestic Level: Twenty Years On Christof Heyns, Frans Jacobus Viljoen, Rachel Murray, 2024-02-19 This collection of chapters tracks and explains the impact of the nine core United Nations human rights treaties in 20 selected countries four from each of the five UN regions Researchers based in each of these countries were responsible for the chapters in which they assess the influence of the treaties and treaty body recommendations on legislation policies court decisions and practices By covering the 20 years between July 1999 and June 2019 this book updates a study done 20 years ago Empowering the Poor? Civic Education and Local Level Participation in Rural Tanzania and Zambia Satu Riutta, 2007 **Spotlight on Basic education completion and foundational learning in Africa** African Centre for School Leadership, Association for the Development of Education in Africa, Education Sub-Saharan Africa, Flemish Association for Development Co-operation and Technical Assistance, Forum for African Women Educationalists, Global Education Monitoring Report Team, 2025-10-29 Education, Democracy and Development Clive Harber, Vusi Mncube, 2012-05-14 Education is often seen as the key agency in international development and poverty reduction Frequently the emphasis is on the economic and social role of education in development This book on the other hand is unusual in explicitly examining the political role of education in development In particular it sets out the theories evidence and arguments concerning the potential and actual relationships between education and democracy and critically explores the contradictory role of formal education in both supporting and hindering democratic political development A key theme of the book is the importance of considering the type and nature of the education actually provided and experienced what goes on inside the black box of education Currently in developing countries and elsewhere this is often at odds with democratic principles but the book also provides many examples of successful democratic practice in schools in developing countries as well as discussing a detailed case study of South Africa where democratic change in education is a key aspect of the policy agenda **The ACC News** ,2012 **Resources in Education** ,1992-10 Resources in Education ,1997 **Educating Our Future** Zambia, Zambia.
