Crowdie And Cream And Other Stories Memoirs Of A Hebridean Childhood:

The Finlay J. Macdonald Omnibus Finlay J. Macdonald, 1991-03-28 CROWDIE AND CREAM Peopled with characters like Great Aunt Rachel built like a Churchill tank and with a personality to match these are the stories of a childhood of the hard years of the Depression and then the departure of the island's young men to fight in the Second World War Together they bring alive the warmth and closeness of a unique Hebridean community CROTAL AND WHITE Finlay J Macdonald continues his story with a witty account of his adolescent years during the depression Hard days for the villagers but their sense of humour never deserted them And when young Finlay won the bursary to secondary school in the Northlands it was with a mixture of joy and sadness that he prepared to leave behind him a community that would soon be changed forever THE CORNCRAKE AND THE LYSANDER As Finlay Macdonald set out for high school in Tarbert Hitler's growing military strength had begun to menace the people of Europe But to Finlay this was just one more exciting prospect along with living in Big Grandfather's house making new friends and meeting the girls of his adolescent dreams *Scottish Exodus* James Hunter, 2011-03-25 Millions of Scots have left their homeland during the last 400 years Until now they have been written about in general terms Scottish Exodus breaks new ground by taking particular emigrants drawn from the once powerful Clan MacLeod and discovering what happened to them and their families These people became among other things French aristocrats Polish resistance fighters Texan ranchers New Zealand shepherds Australian goldminers Aboriginal and African American activists Canadian mounted policemen and Confederate rebels One nineteenth century MacLeod even went so far as to swap his Gaelic for Arabic and his Christianity for Islam before settling down comfortably in Cairo This gripping account of Scotland's worldwide diaspora is based on unpublished documents letters and family histories It is also based on the author's travels in the company of today's MacLeods some of them still in Scotland others further afield Scottish Exodus is a tale of disastrous voyages famine and dispossession the hazards of pioneering on faraway frontiers But it is also the moving story of how people separated from Scotland by hundreds of years and thousands of miles continue to identify with the small country where their journeyings began *The Sea House* Elisabeth Gifford, 2014-04-15 In 1860 Alexander Ferguson a newly ordained vicar and amateur evolutionary scientist takes up his new parish a poor isolated patch on the remote Scottish island of Harris He hopes to uncover the truth behind the legend of the selkies mermaids or seal people who have been sighted off the north of Scotland for centuries He has a more personal motive too family legend states that Alexander is descended from seal men As he struggles to be the good pastor he was called to be his maid Moira faces the terrible eviction of her family by Lord Marstone whose family owns the island Their time on the island will irrevocably change the course of both their lives but the white house on the edge of the dunes keeps its silence long after they are gone It will be more than a century before the Sea House reluctantly gives up its secrets Ruth and Michael buy the grand but dilapidated building and begin to turn it into a home for the family they hope to have Their dreams are marred by a shocking discovery

The tiny bones of a baby are buried beneath the house the child's fragile legs are fused together a mermaid child Who buried the bones And why To heal her own demons Ruth feels she must discover the secrets of her new home but the answers to her questions may lie in her own traumatic past The Sea House by Elisabeth Gifford is a sweeping tale of hope and redemption and a study of how we heal ourselves by discovering our histories

A Superior Spectre Angela Meyer, 2018-07-23 Jeff is dying Haunted by memories and grappling with the shame of his desires he runs away to remote Scotland with a piece of experimental tech that allows him to enter the mind of someone in the past Instructed to only use it three times Jeff self-indulgent isolated and deteriorating ignores this advice In the late 1860s Leonora lives a contented life in the Scottish Highlands surrounded by nature her hands and mind kept busy Contemplating her future and the social conventions that bind her a secret romantic friendship with the local laird is interrupted when her father sends her to stay with her aunt in Edinburgh an intimidating sooty city the place where her mother perished But Leonora's ability to embrace her new life is shadowed by a dark presence that begins to lurk behind her eyes and strange visions that bear no resemblance to anything she has ever seen or known

A Superior Spectre is a highly accomplished debut novel about our capacity for curiosity and our dangerous entitlement to it and reminds us the scariest ghosts aren't those that go bump in the night but those that are born and create a place for themselves in the human soul

Fabric Victoria Finlay, 2022-06-07 A magnificent work of original research that unravels history through textiles and cloth how we make it use it and what it means to us How is a handmade fabric helping save an ancient forest Why is a famous fabric pattern from India best known by the name of a Scottish town How is a Chinese dragon robe a diagram of the whole universe What is the difference between how the Greek Fates and the Viking Norns used threads to tell our destiny In *Fabric* bestselling author Victoria Finlay spins us round the globe weaving stories of our relationship with cloth and asking how and why people through the ages have made it worn it invented it and made symbols out of it And sometimes why they have fought for it She beats the inner bark of trees into cloth in Papua New Guinea fails to handspin cotton in Guatemala visits tweed weavers at their homes in Harris and has lessons in patchwork making in Gee's Bend Alabama where in the 1930s deprived of almost everything they owned a community of women turned quilting into an art form She began her research just after the deaths of both her parents and entwined in the threads she found her personal story too

Fabric is not just a material history of our world but Finlay's own journey through grief and recovery
