Fully revised and updated, the second edition of *Canadian Studies in the New Millennium* includes new chapters on Demography and Immigration Policy, the Environment and Civil Society, and Social Policy, all written by leading scholars and educators in the field. At a time in which there is a growing mutual dependence between the US and Canada for security, trade, and investment, *Canadian Studies in the New Millennium* will continue to be a valuable resource for students, educators, and practitioners on both sides of the border. Blue-green Province Mark Winfield, 2012. In *Blue Green Province*, Mark Winfield takes a long overdue look at the crucial relationship between Ontario's environmental policy and its politics and economy. Covering the period from the Progressive Conservative dynasty that dominated Ontario politics from the mid 1940s to the mid 1980s, through the subsequent Peterson, Rae, Harris, Eves, and McGuinty governments, Winfield offers a trenchant analysis of the effects on Ontario's environment and politics of these administrations' dramatically different ideologies. Timely and original, *Blue Green Province* is the first comprehensive study of environmental policy in Ontario. It will be welcomed by anyone with

an interest in Ontario's environmental and economic future
