

Mat*

When removing the mat on the driver's side, push the seat as far back as possible and remove the two fixings.

When refitting, position the mat correctly on the pins and clip the fixings. Check that the mat is secured correctly.

To prevent the mat from becoming caught under the pedals:

- only use mats suited to the fixings already present in the vehicle. It is imperative that these fixings be used.
- never fit one mat on top of another.

Fitting audio equipment

Your vehicle is equipped with certain factory-fitted audio equipment:

- roof aerial,
- coaxial aerial cable,
- basic interference suppression,
- wiring for front speakers,
- two 8-way connectors.

Fitting speakers

The factory-fitted equipment allows the fitting of 100 mm diameter speakers on the dashboard.

As accessories, you can fit 165 mm diameter speakers on the rear shelf.
