City of Tranquil Light Bo Caldwell, 2010-09-28 What ardent dazzling souls emerge from these American missionaries in China A beautiful searing book that leaves an indelible presence in the mind Patricia Hampl author of *The Art of the Wasted Day* Will Kiehn is seemingly destined for life as a humble farmer in the Midwest when having felt a call from God he travels to the vast North China Plain in the early twentieth century There he is surprised by love and weds a strong and determined fellow missionary Katherine They soon find themselves witnesses to the crumbling of a more than two thousand year old dynasty that plunges the country into decades of civil war As the couple works to improve the lives of the people of Kuang Ping Cheng City of Tranquil Light a place they come to love and face incredible hardship will their faith and relationship be enough to sustain them Told through Will and Katherine's alternating viewpoints and inspired by the lives of the author's maternal grandparents City of Tranquil Light is a tender and elegiac portrait of a young marriage set against the backdrop of the shifting face of a beautiful but torn nation A deeply spiritual book it shows how those who work to teach others often have the most to learn and is further evidence that Bo Caldwell writes vividly and with great historical perspective San Jose Mercury News City of Tranquil Light is just my kind of book It is full of light even at its darkest moments I relished the hours spent with this dedicated and intrepid couple and will not soon forget them Bo Caldwell has honored her missionary grandparents with her storytelling skills Gail Godwin New York Times bestselling author

Protest and Resistance in the Tourist City Claire Colomb, Johannes Novy, 2016-07-01 Across the globe from established tourist destinations such as Venice or Prague to less traditional destinations in both the global North and South there is mounting evidence that points to an increasing politicization of the topic of urban tourism In some cities residents and other stakeholders take issue with the growth of tourism as such as well as the negative impacts it has on their cities while in others particular forms and effects of tourism are contested or deplored In numerous settings contestations revolve less around tourism itself than around broader processes policies and forces of urban change perceived to threaten the right to stay put the quality of life or identity of existing urban populations This book for the first time looks at urban tourism as a source of contention and dispute and analyses what type of conflicts and contestations have emerged around urban tourism in 16 cities across Europe North America South America and Asia It explores the various ways in which community groups residents and other actors have responded to and challenged tourism development in an international and multi disciplinary perspective The title links the largely discrete yet interconnected disciplines of urban studies and tourism studies and draws on approaches and debates from urban sociology urban policy and politics urban geography urban anthropology cultural studies urban design and planning tourism studies and tourism management This ground breaking volume offers new insight into the conflicts and struggles generated by urban tourism and will be of interest to students researchers and academics from the fields of tourism geography planning urban studies development studies anthropology politics and sociology *Victorian writers and*
