instances in which he quoted others extensively not passing their work off as his own but substituting it for his own words when his words were what were called for Until recently such plagiarisms and thefts had been his most shameful secret shared only with a trusted few But then Kopelson now an English professor and the author of a number of respected books most recently 2007's *Sedaris* wrote an essay entitled *My Cortez* which was published in the *London Review of Books* in 2008 It was a satirical literary confession an exploration of Kopelson's personal and professional life via his various acts of plagiarism From that jumping off point and exploring also his other vices *CONFESSIONS OF A PLAGIARIST* is the compelling and clever retelling not to mention renovation of Kopelson's life one transgression at a time
