Christopher Columbus Mariner Meridian:

Christopher Columbus, Mariner Samuel Eliot Morison, 1956 An account of the life and voyages of Christopher Columbus
Columbus Laurence Bergreen, 2012-09-25 He knew nothing of celestial navigation or of the existence of the Pacific Ocean He was a self promoting and ambitious entrepreneur His maps were a hybrid of fantasy and delusion When he did make land he enslaved the populace he found encouraged genocide and polluted relations between peoples He ended his career in near lunacy But Columbus had one asset that made all the difference an inborn sense of the sea of wind and weather and of selecting the optimal course to get from A to B Laurence Bergreen's energetic and bracing book gives the whole Columbus and most importantly the whole of his career not just the highlight of 1492 Columbus undertook three more voyages between 1494 and 1504 each designed to demonstrate that he could sail to China within a matter of weeks and convert those he found there to Christianity By their conclusion Columbus was broken in body and spirit a hero undone by the tragic flaw of pride If the first voyage illustrates the rewards of exploration this book shows how the subsequent voyages illustrate the costs political moral and economic
The Mariner's Mirror Leonard George Carr Laughton, Roger Charles Anderson, William Gordon Perrin, 1927
Daily Life in the Age of Sail Dorothy Volo, James M. Volo, 2001-11-30 From the Thirteenth century through the Nineteenth the waterways of the world provided the major means of transportation for exploration trade the military and even criminals Find out what life was like for those who chose to sail the high seas as well as for those who didn't choose to be on board like wives brought to sea by husbands and slaves en route to the auction block What were their quarters like What did they eat How did they pass their long days at sea These and other questions are answered in animated prose that brings the lives of ordinary people who oftentimes engaged in extraordinary activities into sharp focus First hand accounts from such sources as personal journals and magazine articles are provided to help bring the time period alive Students will also learn what life was like in the seaport towns and what the sailors did when they visited these towns as well as the physical parts of the ships and the different roles different members of the crew played This engaging history helps to separate fact from fiction while exploring the reasons the sea and sea life have held such prominent roles in popular fiction and will help students understand what life was truly like for these people
Hart Crane and the Modernist Epic D. Gabriel, 2016-05-24 This study examines Hart Crane's canonical ambitions in *The Bridge* and argues for a new species of epic the modernist epic which also includes Pound's *The Cantos* Eliot's *The Waste Land* and Williams's *Paterson* It offers a close reading of *The Bridge* as a hybrid of lyric and epic modes Crane's sublime and history converge in a complex synthesis of form and ideas The study reconceives Crane's achievement by locating him in an intertextual system of production while also recognizing his poetic making of self Yet in this work Crane assumes a greater political presence than much commentary has entertained
Bartolomé de Las Casas Paul S. Vickery, 2006 Bartolome de las Casas 1484-1566 came to the New World in pursuit of material wealth became virtually a slave owner and ended up suddenly and dramatically turning his life around to

become a Dominican friar and the first great champion of the Native Americans Daring to challenge the Spanish *encomienda* system which was little more than a justification of forced labor Las Casas in the spirit of the great Hebrew Prophets spoke out unequivocally for justice and freedom for oppressed peoples His *The Only Way* which argued that the native peoples of the Americas are fully human can rightly be called one of the seminal documents of American Catholic social justice In this biography Paul Vickery focuses especially upon Las Casas's conversion journey Drawing upon Las Casas's own words and actions Vickery describes the historical setting and specific events leading up to Las Casas's spiritual awakening and then interprets this experience in light of his message for us today Students of history Western civilization and social justice will find here an original and provocative text about Colonial Latin America and Native American studies while students of ethics will find much food for thought in its treatment of questions of conscience and the moral choices with which we are confronted **BOOK JACKET**
